 **MISSION STATEMENT**

Our mission statement applies regardless of business units.
We strive to achieve our mission by
adhering to our core values of commitment,
integrity and professionalism – factors necessary for success
and the attainment of excellence.

CHAIRMAN & CEO'S MESSAGE

DEAR SHAREHOLDERS,

On behalf of the Board of Directors, we are pleased to present our annual report for the financial year ended 31 December 2025 ("FY2025").

FY2025 marked a significant recovery for the Group as project activities increased during the year. Despite ongoing challenges in the construction industry, including inflationary pressures and global economic uncertainties, Koyo International Limited (the "Company", and together with its subsidiaries, the "Group") delivered a strong improvement in performance and recorded a net profit of approximately S\$3.3 million for FY2025, compared with S\$58,000 in FY2024.

FINANCIAL REVIEW

Total revenue for FY2025 increased significantly to S\$118.8 million, compared to S\$47.3 million in FY2024. This increase was mainly attributable to higher revenue from the mechanical engineering segment, which benefited from the progress of a substantial project that reached peak operations during the year.

Gross profit rose to S\$14.2 million in FY2025 from S\$9.9 million in FY2024. However, gross profit margin decreased from 20.9% to 12.0%, primarily due to higher project costs arising from inflationary pressures, including increases in labour and foreign worker levy costs.

Administrative expenses increased slightly due to higher bank charges relating to trade financing, staff incentives and medical expenses, partially offset by a decrease in worker dormitory rental costs. Other operating expenses increased mainly due to higher outsourced support services and foreign exchange losses, while finance expenses rose due to interest incurred on loan borrowings and trade financing.

DIVIDEND

The Board has not recommended any dividend for FY2025 in order to conserve cash resources to support the Group's ongoing projects and working capital requirements.

SHARE BUYBACK MANDATE

The Company did not purchase any of its own shares during FY2025.

CORPORATE DEVELOPMENTS

The Group continues to exercise prudence in securing new contracts while focusing on executing existing projects efficiently. As at the date of this report, the Group has approximately S\$76.6 million worth of contracts on hand, with completion dates ranging from financial years 2026 to 2029.

While the operating environment remains uncertain due to ongoing geopolitical conflicts and inflationary pressures, the Group will continue to monitor market developments closely and adopt a disciplined approach in tendering for new projects.

CHAIRMAN & CEO'S MESSAGE

BOARD CHANGES

The Board is pleased to welcome Mr Lai Kuan Loong, Victor who was appointed as Independent Non-Executive Chairman on 23 July 2025. With Mr Lai's extensive experience in corporate advisory, including listing regulations and corporate governance matters, we look forward to his contributing to a diversified perspective to the Group's business and further enhance the Board's effectiveness.

OUTLOOK

Looking ahead, the Group expects the construction sector to remain challenging in the near term. Rising costs and global economic uncertainties may continue to put pressure on project margins.

Nevertheless, with our established track record, strong relationships with clients and partners, experienced management team and secured pipeline of projects, we believe the Group is well-positioned to navigate these challenges and pursue sustainable growth opportunities.

APPRECIATION

On behalf of the Board, we would like to express our sincere appreciation to our directors for their guidance and valuable contributions.

We would also like to thank our shareholders, customers, suppliers and subcontractors for their continued trust and support. Lastly, our heartfelt appreciation goes to our management team and staff for their dedication and commitment to the Group.

LAI KUAN LOONG, VICTOR

Independent Non-Executive Chairman

BUSINESS OVERVIEW

Koyo International Limited (the “**Company**” or “**Koyo**”) has been listed on the Catalist of the Singapore Exchange Securities Trading Limited (“**SGX-ST**”) since 2009 (the “**Listing**”). Since our Listing, Koyo is always actively reviewing its businesses in search of new opportunities and markets with the aim of focusing on high value products and services with long term potential to complement its growth. Currently, the principal activities of Koyo and its subsidiaries (collectively, the “**Koyo Group**” or the “**Group**”) is principally focused on the provision of mechanical and electrical (“**M&E**”) engineering services.

(A) PROVISION OF MECHANICAL AND ELECTRICAL ENGINEERING SERVICES

Koyo offers a total M&E solutions package which involves design, integration, build, implementation, test, commission and maintenance for our customers. This includes (i) designing and installing air conditioning and mechanical ventilation systems as well as fire protection systems under our Mechanical Engineering segment; (ii) designing and installing high and low-voltage electrical distribution systems under our Electrical Engineering segment; and (iii) provision of maintenance, repair and replacement services for commercial buildings, hotels, schools and libraries in Singapore under our Facilities Management segment. Our engineering designs and installation work are applicable to clients in the construction, marine, oil and gas, industrial and pharmaceutical industries.

The Group also has since its Listing, explored entry into the following businesses as an expansion of its income stream and to diversify risk.

(B) PROPERTY DEVELOPMENT

In 2014, Koyo obtained shareholders’ approval for expanding its business to include property development and construction, property management and property investment in order to expand its geographical scope to include countries outside of Singapore and participate in the growth prospects of the property industries in those countries.

(C) SUPPLY OF CONSTRUCTION MATERIALS

In 2015, shareholders’ approval was obtained for the diversification of the Group’s business to include, *inter alia*, the business of supply of construction materials which includes the procurement, supply and importation of essential construction materials such as construction sand, armour rock, granite and other aggregates. As part of the business of supplying construction materials, Koyo had also obtained the mandate from shareholders to engage in the ownership, acquisition and operation of mines and concession to produce and process construction materials, including but not limited to sand and granite.

(D) BUSINESS OF INVESTMENTS

In 2021, the Group has obtained shareholders’ approval for expanding its business to include the business of investments (including but not limited to purchase, acquisition, disposal or such other dealings) by the Group into:

- (i) any investment funds, portfolio companies, instruments or products offered and/or managed by asset and/or fund management companies licensed or regulated in Singapore or overseas;
- (ii) any investments in securities of companies with growth potential which may include equity, convertible securities and instruments such as bonds, notes or funds;
- (iii) any long-term investments (including but not limited to stocks and index funds);
- (iv) any short-term investments (including but not limited to money market funds, certificates of deposit and short-term bonds); and/or
- (v) any other alternative investments;

- Energy Saving Systems
- Environmental Management Systems

B. RENEWABLE ENERGY AND GREEN PRODUCTS

1) SOLAR WATER HEATING

- Solar Heat Collector Arrays
- Pressurised/Non-pressurised Hot Water Storage Tanks
- High-temperature Heat Pumps

2) NON-CHEMICAL WATER TREATMENT SYSTEM

- Electrostatic Water Treatment

3) THERMAL ENERGY

- Phase Change Materials

4) DEHUMIDIFICATION AND AIR-CONDITIONING

- Liquid Desiccant System
- Regenerator
- Conditioner
- Degassing System with Pneumatic Expansion Tank
- Condensate Water Collection System

PERFORMANCE REVIEW

REVENUE

The Group recorded revenue of approximately S\$118.8 million for the financial year ended 31 December 2025 ("FY2025"), representing an increase of more than 100% as compared to S\$47.3 million in the financial year ended 31 December 2024 ("FY2024").

The increase was primarily attributable to higher revenue contribution from the mechanical engineering segment, arising from a substantial project which reached peak operation during FY2025.

Revenue from the facilities management segment decreased marginally due to fewer ad hoc works carried out during FY2025, while no revenue was recorded from the electrical engineering segment.

GROSS PROFIT

Gross profit increased by approximately S\$4.3 million, or 43.7%, from S\$9.9 million in FY2024 to S\$14.2 million in FY2025.

The increase was mainly attributable to higher gross profit contribution from the mechanical engineering segment, partially offset by lower contribution from the facilities management segment in line with the decline in its revenue.

GROSS PROFIT MARGIN

The Group's gross profit margin decreased from 20.9% in FY2024 to 12.0% in FY2025.

The decline was mainly due to lower margins recorded in both the mechanical engineering and facilities management segments, arising from increased cost pressures, including higher foreign worker levy rates and general inflationary increases in cost of sales largely driven by subcontractor charges.

PROFIT BEFORE INCOME TAX

The Group recorded a profit before income tax of approximately S\$3.8 million in FY2025, as compared to S\$58,000 in FY2024.

The increase in profit before income tax was mainly in line with the higher revenue and gross profit achieved during the financial year.

PERFORMANCE REVIEW

ASSETS

As at 31 December 2025, the Group's total assets increased to approximately S\$84.0 million against total liabilities of S\$61.0 million. The net asset value per share increased from 10.35 cents to 12.09 cents over the same period.

The increase in total assets were mainly attributable to:

An increase in trade and other receivables of approximately S\$18.3 million from S\$3.3 million as at 31 December 2024 to S\$21.6 million as at 31 December 2025, due to higher trade receivables and downpayments for subcontractors and suppliers;

An increase in contract assets of approximately S\$4.2 million from S\$32.0 million as at 31 December 2024 to S\$36.2 million as at 31 December 2025, arising from work completed but not yet billed as at the reporting date;

An increase in cash and bank balances of approximately S\$15.8 million from S\$2.8 million as at 31 December 2024 to S\$18.6 million as at 31 December 2025, mainly due to positive operating cash flows generated during the year;

LIABILITIES

Total liabilities increased by approximately S\$33.7 million to S\$61.0 million as at 31 December 2025, from S\$27.3 million as at 31 December 2024.

The increase was mainly attributable to a rise in trade and other payables of approximately S\$36.7 million from S\$21.0 million as at 31 December 2024 to S\$57.7 million as at 31 December 2025, due to higher purchases, GST payable, trust receipts and accrued subcontractor costs.

The increase was partially offset by:

A decrease in bank borrowings of approximately S\$2.9 million from S\$4.0 million as at 31 December 2024 to S\$1.1 million as at 31 December 2025, following repayment of term loans during the year;

A decrease in provision to S\$0.8 million due to utilisation during the year; and

A slight reduction in lease liabilities to S\$1.0 million as a result of lease repayments during the year.

CORPORATE STRUCTURE

CORPORATE PROFILE

Koyo Group consists of the holding company Koyo International Limited, and its directly wholly owned subsidiaries Koyo Engineering (S.E. Asia) Pte. Ltd. ("**Koyo Engineering**") and AVSC Technologies Pte. Ltd. ("**AVSC Technologies**"). Its three wholly owned indirect subsidiaries are Koyo M&E Pte. Ltd. ("**Koyo M&E**"), Koyo Engineering M&E Pte. Ltd. ("**KEME**") and Tuck Hwa Fabrication (S) Pte. Ltd. ("**Tuck Hwa**"). One sole proprietor, Keco Trading is wholly owned by Koyo Engineering M&E Pte. Ltd.. The main operating subsidiary is Koyo Engineering, details of which are provided below. Information on the business of the other subsidiaries can be found in Note 14 of the Audited Financial Statements for FY2025.

KOYO ENGINEERING

Koyo Engineering is one of the leading home-grown M&E engineering specialist service providers and provides quality service to a wide range of diverse customers. Koyo Engineering has an extensive track record in project management and implementation of M&E services for industrial, commercial and residential buildings which include retrofitting works, alteration & addition works, new installation works, replacement works; design, integration and implementation of industrial engineering services; oil, gas and marine engineering services and facilities management.

By offering a full suite of M&E services, customers can have a vast array of services to choose from. Such services range from integrated, design-and-build, execution and maintenance to facilities management services. Today, Koyo Engineering serves customers from all industries, including those in the construction, marine, oil and gas, industrial and pharmaceutical industries as well as the public sector.

With Building and Construction Authority ("**BCA**") gradings of L5 for electrical engineering and the highest grading of L6 for (i) air-conditioning, refrigeration & ventilation works; and (ii) integrated building services, Koyo Engineering is able to undertake mechanical and integrated building services work of unlimited value for public projects.

With over 40 years of experience in providing M&E engineering services, Koyo Engineering has been able to establish a reputation and a good track record for itself. Koyo Engineering had been awarded the prestigious SME 500 award in 2009. Today, Koyo Engineering has successfully completed more than 188 projects, which include consulting, design, procurement and fabrication and construction projects.

Koyo Engineering is equipped with all the necessary competitive strengths needed to rank among the best M&E service providers in the region. Koyo Engineering invests in training and constantly upgrades the skills of its workforce to be able to provide quality service to all its customers.

CORPORATE PROFILE

AVSC TECHNOLOGIES

AVSC Technologies aims to be one of the leading construction material suppliers in Singapore. To do so, AVSC Technologies offers a full range of services that are integral to the supply of construction materials in Singapore. These include the ownership of mines and concession for raw materials, shipping/chartering services, logistics planning and ancillary support services such as stevedoring and dredging.

KEME

KEME focuses on integrating environmental engineering and clean technologies for industries by offering a full suite of clean technologies ranging from large scale solar heat collector arrays, hot water storage tanks, high-temperature heat pumps, phase change materials, non-chemical water treatment, electrical licensing services and liquid desiccant systems.

Koyo Group had previously integrated and installed what is arguably Singapore's largest capacity for phase change material with a chiller plant system. This is particularly important because phase change material can be used to help the chiller plant system to run at the most efficient level even during high or low load conditions. The proprietary blend of inorganic hydrated salts used as the phase change material can freeze at a range of temperature from 8 degrees Celsius to 15 degrees Celsius. This was successfully implemented at Cleantech 2 @ Cleantech Park, a premier development by JTC.

TUCK HWA

Tuck Hwa focuses on the fabrication of the building construction, air-conditioner mechanical ventilation system, installation and engineering works.

Koyo International Limited had been awarded the prestigious Singapore 1000 Company award in 2019 by DP Information Group. In conclusion, we, at Koyo, aim to provide value to all our customers, anticipating their every need and problem regardless of business sector. This is the commitment that Koyo strictly adheres to. Koyo will always strive to provide the best engineering solutions at the highest attainable standards that will commensurate with the project requirements and budget.

BOARD MATTERS

Board’s Conduct of Affairs

Principle 1: The company is headed by an effective Board which is collectively responsible and works with Management for the long-term success of the company.

The Board of Directors’ (“**Board**”) principal functions include, among others, supervising the overall management of the business and affairs of the Group and setting the Group’s corporate and strategic policies and direction. The principal duties of the Board include the following:

- Protecting and enhancing long-term value and return to its shareholders;
- Providing leadership and guidance on corporate strategy, business directions, risk management policy and implementation of corporate objectives;
- Reviewing and approving the annual budget, corporate policies, strategies and objectives for the Group;
- Ensuring the effectiveness and integrity of Management;
- Conducting periodic reviews of the Group’s risk management systems and the adequacy and effectiveness of internal controls, including financial, operational, compliance and information controls, and assessing actions needed to address and monitor any areas of concern;
- Approving nominations to the Board and appointment of key management personnel;
- Ensuring the Group’s compliance with all relevant and applicable laws and regulations; and
- Assuming responsibility for the corporate governance of the Group.

All Directors objectively discharge their duties and responsibilities at all times as fiduciaries and take decisions in the interests of the Company. To assist the Board in discharging its responsibilities effectively and efficiently, the Board has delegated certain responsibilities to the three Board committees, namely, the Audit Committee (“**AC**”), the Nominating Committee (“**NC**”) and the Remuneration Committee (“**RC**”) (collectively, “**Board Committees**”), which would make recommendations to the Board. The Board holds the Management of the Company (“**Management**”) accountable for performance. The Board Committees operate within clearly defined terms of reference. The terms of reference of the Board Committees are reviewed on a regular basis to ensure their continued relevance. The Board meets at least 2 times a year to oversee the business affairs of the Group. The Board is free to seek clarification and information from Management on all matters within their purview.

CORPORATE GOVERNANCE

Directors facing conflicts of interest recuse themselves from meeting discussions and decisions involving the issues of conflict.

Ad-hoc meetings are convened at such other times as may be necessary to address any specific significant matters that may arise. Important matters concerning the Group are also put to the Board for its decision by way of written resolutions. Meetings via telephone or video conference are permitted by the Company's Constitution.

Details of the attendance of the Board members at the meetings of the Board and Board Committees for FY2025 are as follows:

	Board	Audit Committee	Nominating Committee	Remuneration Committee	Annual General Meeting

* By invitation

** Retired at the conclusion of the AGM held on 25 April 2025

*** Appointed on 23 July 2025

Matters that are specifically reserved for the Board's approval include:

1. Reviewing the composition of the Board annually;
2. Reviewing Board succession plans for Directors, in particular the Managing Director and Chief Executive Officer ("CEO");
3. Corporate strategy and business plans;
4. Capital expenditures;
5. Capital borrowings and financial commitments;
6. Material interested person transactions;
7. Major funding proposals, investments, acquisitions and divestments;
8. Budgets, financial results announcement, annual report and audited financial statements;
9. Internal controls and risk management strategies and execution;
10. Appointment of Directors and key management personnel;
11. Convening of shareholders' meetings; and
12. Declaration of interim dividends and proposal of final dividends.

CORPORATE GOVERNANCE

To ensure Directors can fulfill their obligations and to continually improve the performance of the Board, all Directors are encouraged to undergo continual professional development during the term of their appointment. Professional development may relate to a particular subject area, committee membership, or key developments in the Company's environment, market or operations which may be provided by accredited training providers such as the Singapore Institute of Directors. Pursuant to Rule 720(6) of the Catalist Rules, all Directors also have attended the prescribed sustainability training course to equip themselves with basic knowledge on sustainability matters.

The Directors are also updated regularly with changes to the Catalist Rules, risk management, corporate governance, insider trading and the key changes in the relevant regulatory requirements and financial reporting standards and the relevant laws and regulations (as the case maybe be) to facilitate effective discharge of their fiduciary duties as Board or Board Committees members.

New releases issued by the SGX-ST and Accounting and Corporate Regulatory Authority ("**ACRA**") which are relevant to the Directors are circulated to the Board. The Company Secretary informs the Directors of upcoming conferences and seminars relevant to their roles as Directors of the Company. Annually, the external auditors will update the AC and the Board on the new and revised financial reporting standards that are applicable to the Company or the Group.

All newly appointed Directors will undergo an orientation programme where the Director will be briefed on the Group's strategic direction, governance practices, business and organisation structure as well as the expected duties of a Director of a listed company. Appropriate external trainings for Directors conducted by the Singapore Institute of Directors and other accredited organisation will be arranged when necessary. The Company will also provide training for newly appointed Directors who have no prior experience as a Director of a Singapore public listed company as prescribed by the SGX-ST under Rule 406(3)(a) and Practice Note 4D of the Catalist Rules. To get a better understanding of the Group's business, the Director will also be given the opportunity to visit the Group's operational facilities and meet with key management personnel.

During FY2025, Ms Elaine Soong Siew Kim has completed the required training prescribed by Rule 406(3)(a) of the Catalist Rules. Mr Lai Kuan Loong, Victor, who was appointed on 23 July 2025, has prior experience as a director of companies listed on the SGX-ST.

The Management provides the Board with adequate and timely information as well as a review of the Group's performance prior to the Board meetings to enable the Directors to make informed decisions and discharge their duties and responsibilities. In view of the Company's half yearly reporting requirements, the Management provides the Board with its accounts on a half yearly basis. Financial information, reports and assessments are provided for circular meetings as well to provide sufficient information to the Board to make their decision.

All Directors have separate and independent access to the Management and the Company Secretary at all times through email, telephone and face-to-face meetings. The role of the Company Secretary, the appointment and removal of whom is a matter for the Board to decide, includes ensuring that Board procedures are followed; applicable rules and regulations are complied with, ensuring good information flows within the Board and its committees and between senior management and Non-Executive Directors, facilitating the Directors' orientation programme, and assisting with professional developments as required. Any additional materials or information requested by the Directors to make informed decisions is promptly furnished. Under the direction of the Chairman, the Company Secretary ensures timely and good information flows within the Board and its Board Committees and between the Management and independent Directors. The Company Secretary and/or her representative administer, attend and prepare the minutes of all Board and Board Committee meetings.

The Board in the furtherance of its duties, may seek independent professional advice at the Company's expense.

CORPORATE GOVERNANCE

Board Composition and Guidance

Principle 2: The Board has an appropriate level of independence and diversity of thought and background in its composition to enable it to make decisions in the best interests of the Company.

The Board comprises five (5) members with majority of the Board comprising Independent Directors and the Chairman of the Board is independent. There are three (3) Independent Non-Executive Directors and two (2) Executive Directors on the Board. As at the date of this CG Report, the Board members are as follows:

Lai Kuan Loong, Victor	(Independent Non-Executive Chairman), appointed on 23 July 2025
Foo Suay Wei	(Managing Director and CEO)
Foo Suay Lun	(Executive Director)
Ong Kai Hoe	(Independent Non-Executive Director)
Elaine Soong Siew Kim	(Independent Non-Executive Director)

The Company is in compliance with Rule 406(3)(c) of the Catalist Rules as the Independent Directors make up at least one-third of the Board. The NC is satisfied that the Board has substantial independent elements to ensure that objective judgment is exercised on corporate affairs. The Board comprises a majority of independent and non-executive directors, with a total of five directors of whom three are independent and non-executive.

The independence of each Director is reviewed annually by the NC.

The NC is of the view that Mr Lai Kuan Loong, Victor, Mr Ong Kai Hoe and Ms Elaine Soong Siew Kim are independent. The NC and the Board have reviewed and ascertained that all Independent Directors are independent according to the 2018 Code, its Practice Guidance and Rules 406(3)(d)(i) and 406(3)(d)(ii) of the Catalist Rules and has considered the following:

- (a) the Independent Directors: (i) are not employed by the Company or any of its related corporations in the current or any of the past three (3) financial years; and (ii) do not have an immediate family member who is employed or has been employed by the Company or any of its related corporations in the current or any of the past three (3) financial years, and whose remuneration is determined by the RC;
- (b) none of the Independent Directors and their immediate family member had in the current or immediate past financial year (i) provided or received material services or significant payments to and/or from the Group when aggregated over any financial year is in excess of S\$50,000 for services other than compensation for board service; or (ii) was a substantial shareholder, partner, executive officer or a director of any organisation which provided or received material services or significant payments to and/or from the Group when aggregated over any financial year is in excess of S\$200,000 for services rendered;
- (c) none of the Independent Directors have been appointed for an aggregate period of more than nine years; and
- (d) none of the Independent Directors are directly associated with a substantial shareholder of the Company.

In performing the NC's review of the independence of the aforementioned Directors, Ms Elaine Soong Siew Kim and Mr Ong Kai Hoe, being members of the NC, have each abstained from participating in the review of the assessment of their respective independence. In addition, in performing the Board's review of the independence of the aforementioned Directors, Mr Lai Kuan Loong, Victor, Mr Ong Kai Hoe and Ms Elaine Soong Siew Kim, each abstained from participating in the review of the assessment of their respective independence. The Independent Non-Executive Directors have also confirmed their independence in accordance with the 2018 Code.

CORPORATE GOVERNANCE

Board Diversity

The Company recognises and embraces the benefits of diversity of experience, age, skill sets, gender and ethics on the Board ("**Board Diversity**") and views Board Diversity as an essential element to support the attainment of its strategic objectives and sustainable development. The Company has a written Policy on Board Diversity and maintains a culture of diversity from a wide talent pool. The Board composition provides a diversity of skills, knowledge, experience, and their core competencies include relevant industry knowledge and experience, accounting and finance, legal and corporate governance and strategic planning experience and other aspects of diversity such as gender and age, so as to avoid groupthink and foster constructive debate. The NC is of the view that no individual or small group of individuals dominates the Board's decision-making process. In identifying suitable candidates for new appointment to the Board, the NC will ensure that where possible, female candidates are included for consideration. Nevertheless, gender is but one aspect of diversity and new directors will continue to be selected based on their merits and the potential contributions which they can bring to the Board.

The Board has reviewed and believes that its composition achieves a diversity of skills, knowledge and experience to the Company as follows:

	Number of Directors	Proportion of Board
Core of Competencies		
Accounting/Finance	2	40%
Legal/Corporate Governance	5	100%
Industry/Customer based-knowledge or experience	4	80%
Strategic planning experience	3	60%
Gender		
Male	4	80%
Female	1	20%
Age		
<50	5	100%

The Board has taken the following steps to maintain or enhance its balance and diversity:

- Annual review by the NC to assess if the existing attributes and core competencies of the Board are complementary and enhance the efficacy of the Board; and
- Annual evaluation by the Directors of the skill sets the other Directors possess, with a view to understand the range of expertise which is lacking by the Board.

The NC will consider the results of these exercises in its recommendation for the appointment of new Directors and/or the re-appointment of incumbent Directors.

The Independent Non-Executive Directors have met at least once without the presence of the Management in FY2025.

CORPORATE GOVERNANCE

Chairman and Chief Executive Officer

Principle 3: There is a clear division of responsibilities between the leadership of the Board and Management, and no one individual has unfettered powers of decision-making.

The roles of the Chairman and the Managing Director and CEO are separate to ensure an appropriate balance of power, increased accountability and greater capacity of the Board for independent decision-making. The Chairman and the Managing Director and CEO are not related to each other nor are they immediate family members.

As the Independent Non-Executive Chairman, Mr Lai Kuan Loong, Victor bears the responsibility for overseeing the business of the Board and, together with the AC, ensures the integrity and effectiveness of the governance process of the Board. He leads the Board discussions and ensures that Board meetings are convened when necessary. In addition, the Chairman promotes a culture of openness and debate at the Board; ensures that the Directors receive complete, adequate and timely information; encourages constructive relations within the Board and between the Board and management; and facilitates the effective contribution of non-executive Directors. The Chairman chairs the Annual General Meeting (“AGM”) and ensures constructive communication between shareholders, the Board and management.

Mr Foo Suay Wei as the Managing Director and CEO bears the executive responsibilities for the overall daily operations of the Group’s various businesses. He also oversees the execution of the business and corporate strategy decisions made by the Board.

All major decisions made by the Board are subject to majority approval of the Board.

Board Membership

Principle 4: The Board has a formal and transparent process for the appointment and reappointment of Directors, taking into account the need for progressive renewal of the Board.

As at the date of this CG Report, the Board comprises five (5) Directors, two (2) of whom are Executive Directors while three (3) are Independent Non-Executive Directors.

<u>Name of Directors</u>	<u>Position</u>	<u>Date of Initial Appointment</u>	<u>Date of Last Re-election/ Re-appointment</u>

Notes:

(1) Mr Foo Suay Wei is the brother of Foo Suay Lun.

(2) Mr Foo Suay Lun is the brother of Foo Suay Wei.

N/A denotes not applicable.

CORPORATE GOVERNANCE

The NC comprises Ms Elaine Soong Siew Kim as Chairman, Mr Ong Kai Hoe and Mr Foo Suay Wei, a majority of whom, including the NC Chairman, are independent. The NC has adopted specific written terms of reference which includes:

- a) reviewing and recommending the nomination or re-nomination of Directors, the appointment and/or replacement of the Chairman, the CEO and key management personnel, having regard to the contribution and performance;
- b) reviewing each of the Director's independence annually;
- c) reviewing whether or not a Director is able to and has been adequately carrying out his duties as a Director;
- d) reviewing of training and professional development programmes for the Board and Directors;
- e) considering whether or not a Director who has multiple board representations is able to and has been adequately carrying out his duties as a Director of the Company;
- f) reviewing the composition of the Board annually; and
- g) reviewing of Board succession plans for Directors.

The NC also ensures that the Board, as a whole, possesses the core competencies required by the 2018 Code. All Directors are required to submit themselves for re-nomination and re-election at regular intervals and at least every three (3) years.

Before making its recommendation to the Board for the re-appointment of a retiring Director, the NC takes into consideration the current needs of the Board, the Director's contribution and performance which are determined by factors such as attendance, preparedness, participation and candour (as well as contribution to the effectiveness of the Board). The Director is also assessed based on his ability to adequately carry out the duties expected while performing his roles in other companies or other appointments.

Under Regulation 100 of the Company's Constitution, one third (1/3) of the Board is to retire by rotation and subject themselves to re-election by shareholders at every AGM provided that the Directors to retire from office, have been serving the longest in office since their last re-election or appointment. Under Regulation 100A of the Company's Constitution, the retiring Director shall be eligible for re-election.

Mr Foo Suay Wei who was last re-elected on 25 April 2024 is due to retire at the forthcoming AGM for re-election pursuant to Regulation 100 of the Company's Constitution. The NC, having reviewed and being satisfied with his overall contribution and performance as a Director of the Company, has recommended that Mr Foo Suay Wei be nominated for re-election at the forthcoming AGM.

Mr Ong Kai Hoe who was last re-elected on 25 April 2023 is due to retire at the forthcoming AGM for re-election pursuant to Regulation 100 of the Company's Constitution. The NC, having reviewed and being satisfied with his overall contribution and performance as a Director of the Company, has recommended that Mr Ong Kai Hoe be nominated for re-election at the forthcoming AGM.

Mr Lai Kuan Loong, Victor who was appointed on 23 July 2025 is also due to retire at the forthcoming AGM for re-election pursuant to Regulation 103 of the Company's Constitution.

Mr Foo Suay Wei will, upon re-election as a Director of the Company, remain as the Managing Director and CEO of the Company and a member of the Nominating Committee. Mr Foo Suay Wei is the brother of Mr Foo Suay Lun who is also an Executive Director and Substantial Shareholder of the Company who holds 26.05% of the Shares through Salix Capital Pte Ltd.

CORPORATE GOVERNANCE

Mr Ong Kai Hoe will, upon re-election as a Director of the Company, remain as an Independent Non-Executive Director of the Company, the Chairman of Remuneration Committee and a member of the Audit Committee and Nominating Committee. The Board considers Mr Ong Kai Hoe to be independent for the purposes of Rule 704(7) of the Catalist Rules.

Mr Lai Kuan Loong, Victor will, upon re-election as a Director of the Company, remain as an Independent Non-Executive Chairman of the Company, the Chairman of the Audit Committee and a member of the Remuneration Committee. The Board considers Mr Lai Kuan Loong, Victor to be independent for the purposes of Rule 704(7) of the Catalist Rules.

Please refer to pages 33 to 39 of this annual report for information on the Directors nominated for re-election required under Rule 720(5) of the Catalist Rules.

New Directors are appointed by the Board upon the recommendation of the NC. In the nomination and selection process, the NC first considers the range of skills and experience required in the light of the following:

- a) Strategic direction and progress of the Group;
- b) Current composition of the Board and Board Committees as well as the experience and expertise of each individual Director; and
- c) Element of independence.

After which, the NC will source for potential candidates, usually through recommendations from Directors and Management. However, external help may also be sought to source potential candidates. Next, the NC will conduct interviews and assess the suitability of the short-listed candidates. The NC would recommend the selected candidate to the Board for consideration and approval. The criteria used to short-list candidates include possession of expert knowledge that meets the needs of the Company, the ability to commit time, character, business experience and acumen.

Notwithstanding that some of the Directors have multiple board representations, the NC and Board are satisfied that each Director is able to and has been adequately carrying out his duties as a Director of the Company. The Board does not propose to set the maximum number of listed company board representations which Directors may hold until such need arises.

The considerations in assessing the capacity of Directors include, *inter alia*, (i) Expected and/or competing time commitments of Directors, including whether such commitment is a full-time or part-time employment capacity; (ii) Geographical location of Directors; (iii) Size and composition of the Board; (iv) Nature and scope of the Group's operations and size; and (v) Capacity, complexity and expectations of the other listed Directorships and principle commitments held.

The NC would continue to review from time to time the board representations of each Director to ensure that the Directors continue to meet the demands of the Group and are able to discharge their duties adequately.

The Company currently does not have any alternate Directors.

Key information regarding the Directors, including their principal commitments, Directorships in other listed companies are set out in the Board Members' section in page 12 of this annual report.

CORPORATE GOVERNANCE

Board Performance

Principle 5: The Board undertakes a formal annual assessment of its effectiveness as a whole, and that of each of its board committees and individual Directors.

The NC decides on how the Board's, Board Committees' and individual Directors' performance is to be evaluated and proposes objective performance criteria, subject to the Board's approval, which address how the Directors have enhanced long-term shareholders' value. The Board has also implemented a process to be carried out by the NC for assessing the effectiveness of the Board as a whole and Board Committees and for assessing the contribution of each individual Director to the effectiveness of the Board. Each member of the NC shall abstain from voting on any resolution in respect of the assessment of his performance or re-nomination as a Director. On a yearly basis, each member of the Board is assessed individually according to, among other things, his/her contributions and effectiveness.

The NC reviews the criteria for evaluation annually and makes changes where necessary to ensure that the criteria is able to provide an accurate and effective performance assessment taking into consideration industry standards and the economic climate with the objective to enhance long term shareholder's value, thereafter propose amendments if any, which would be subject to the approval of the Board.

The review parameters for evaluating each Director include, *inter alia*, the following:

- i. attendance at Board and Board Committee meetings;
- ii. preparedness and participation at meetings;
- iii. availability for consultation and advice, when required; and
- iv. knowledge, abilities, teamwork and integrity.

The NC also assessed the effectiveness of the Board as a whole by evaluating factors such as the adequacy and size of the Board, the individual Director's contribution towards the effectiveness of the Board, the Board's access to information, Board processes and accountability, and communication with senior management. Each Director completes a self-evaluation checklist which integrates the assessment of the Board, Board committees, Chairman and individual Directors. No external facilitator was used in the evaluation process of the individual Directors and the Board.

The NC has assessed the current Board and Board Committees' performance to date, as well as the performance of each individual Director and is of the view that the performance of the Board as a whole, and of each individual Director has met their performance objectives.

REMUNERATION MATTERS

Procedures for Developing Remuneration Policies

Principle 6: The Board has a formal and transparent procedure for developing policies on Director and executive remuneration, and for fixing the remuneration packages of individual Directors and key management personnel. No Director is involved in deciding his or her own remuneration.

The RC is chaired by Mr Ong Kai Hoe and comprises Ms Elaine Soong Siew Kim and Mr Lai Kuan Loong, Victor as members, all of whom are Independent Non-Executive Directors.

CORPORATE GOVERNANCE

The key terms of reference of the RC are, *inter alia*, as follows:

- (a) To review and recommend to the Board a general framework of remuneration and specific remuneration packages for each Director and key management personnel;
- (b) To review and recommend to the Board the service contracts of Executive Directors and ensure that such service contracts are fair and not excessively long or with onerous renewal/termination clauses: and
- (c) determine, review and approve the design of all option plans, stock plans and/or other equity-based plans that the Company proposes to implement.

No Director or member of the RC is involved in deciding his own remuneration, except for providing information and documents specifically requested by the RC to assist in their deliberations.

The RC considers all aspects of remuneration, including termination terms, to ensure they are fair and is responsible for reviewing and approving the remuneration packages of the executive Directors and recommending to the Board the fees of the non-executive Directors. The RC's recommendations are submitted for endorsement by the entire Board.

The RC may from time to time, when necessary or required, seek advice from external consultants in framing the remuneration policy and determining the level and mix of remuneration for Directors and key management personnel, so that the Group remains competitive in this regard. No external advice has been sought nor appointed remuneration consultant was engaged for FY2025.

Level and Mix of Remuneration

Principle 7: The level and structure of remuneration of the Board and key management personnel are appropriate and proportionate to the sustained performance and value creation of the company, taking into account the strategic objectives of the company.

The Company's remuneration policy which covers all aspects of remuneration, including but not limited to Directors' fees, salaries, allowances, benefits-in-kind, bonuses and options, seeks to attract, retain and motivate talent to achieve the Company's business vision and create sustainable value for its stakeholders. The policy articulates to staff the link that total compensation has to the achievement of organisational and individual performance objectives, and is benchmarked against relevant and comparative compensation in the market.

The RC seeks to ensure that the structure of remuneration packages for the Executive Directors and key management personnel are appropriate in linking rewards with performance and that such remuneration packages are aligned with the interests of shareholders and promote the long-term success of the Group.

The Company has entered into separate service agreements with the Managing Director and CEO, Mr Foo Suay Wei and the Executive Director, Mr Foo Suay Lun of which each initial service agreement is valid for an initial period of three (3) years and subject to automatic renewals every 3 years, on such terms and conditions as the parties agree. Their performance conditions which are pre-determined include conditions such as, *inter alia*, the Group's profit before tax. The RC has reviewed and is of the view that there are no onerous compensation commitments on the part of the Company in the event of termination of these service agreements. The notice period for the termination of these service agreements is three months.

The Independent Non-Executive Directors do not have any service agreements with the Company. The fees of the Independent Directors are determined by the Board, according to the level of their contributions, taking into account factors such as effort and time spent, and their respective responsibilities as Independent Non-Executive Directors as well as on Board Committees. Save for Director's fees, which have to be approved by the Shareholders at every AGM, the Independent Non-Executive Directors do not receive any other remuneration from the Company.

CORPORATE GOVERNANCE

Since the expiry of the Koyo International Employee Share Option Scheme on 25 April 2021, the Company no longer has in place any share-based compensation scheme or any long-term scheme involving the offer of shares or options to the Directors, CEO, and key management personnel. The RC may consider other forms of long-term incentive schemes for the Management when necessary. The Company currently does not have any contractual provisions which allow it to reclaim incentives from the Executive Directors and key management personnel in exceptional circumstances. The Board is of the view that as the Group pays performance bonuses based on the actual performance of the Group and/or Company (and not on forward-looking results) as well as the actual results of its Executive Directors and key management personnel, "claw-back" provisions in the service agreements may not be relevant or appropriate and there are separate legal avenues.

Disclosure on Remuneration

Principle 8: The company is transparent on its remuneration policies, level and mix of remuneration, the procedure for setting remuneration, and the relationships between remuneration, performance and value creation.

A breakdown of Directors' remuneration for FY2025 is as follows:

	Director's Fees S\$'000	Salary ¹ S\$'000	Bonus S\$'000	Allowance S\$'000	Total S\$'000

CORPORATE GOVERNANCE

Details, in incremental bands of S\$100,000, of the remuneration of employees who are immediate family members of a Director or the Managing Director and CEO whose remuneration exceeds S\$100,000 for FY2025 is as follows:–

Remuneration Band	Relationship with Director or Managing Director and CEO
S\$100,000 to S\$199,999	
Dalat Kositanon	(1) Mother of Mr Foo Suay Wei and Mr Foo Suay Lun, the Company's Managing Director and CEO and Executive Director respectively.

For FY2025, the total remuneration paid to the Directors (both executive and non-executive) of the Group was S\$1,467,000 and the total remuneration paid to the key top four (4) key management personnel (who are not the Directors or the Managing Director and CEO) of the Company was S\$741,000.

There are no termination, retirement or any post-employment benefits to Directors and top four (4) key management personnel.

The Group adopts a remuneration policy for staff comprising fixed component and a variable component. The fixed component is in the form of a base salary and the variable component is in the form of a variable bonus that is linked to the Company's and individual's performance. The management moderates and allocates the variable bonus based on the individual performance of employees and their contributions towards the achievement of Koyo's performance.

ACCOUNTABILITY AND AUDIT

Risk management and internal controls

Principle 9: The Board is responsible for the governance of risk and ensures that Management maintains a sound system of risk management and internal controls, to safeguard the interests of the company and its shareholders.

The Board understands its responsibility to provide a balanced and understandable assessment of the Company's performance, position and progress. The Board updates shareholders on the operations and financial position of the company through half-yearly and full year announcements as well as timely announcements of other matters on the SGXNet as prescribed by the relevant rules and regulations.

The Management provides the Board with adequate and timely management accounts of the Group's performance on a regular basis in order to assist the Board in understanding the financial status and performance of the Group and for the Board to effectively discharge its duties.

The Board is responsible for the overall risk governance, risk management and internal control framework of the Group and is fully aware of the need to put in place a system of internal controls within the Group to safeguard Shareholders' interests and the Group's assets, and to manage risks. The Board determines the nature and extent of the significant risks which the Company is willing to take in achieving its strategic objectives and value creation.

Risk Management

The Management regularly reviews the Group's business and operational activities to identify areas of significant business risks as well as appropriate measures to control and mitigate these risks within the Group's policies and strategies.

CORPORATE GOVERNANCE

The Company has an Enterprise Risk Management Framework (“**ERMF**”) in place for the Group. The ERMF has been reviewed by the AC and approved by the Board of Directors. Based on the ERMF, the internal control policies and procedures established and maintained by the Group, as well as the reviews performed by the external and internal auditors, the Board, with the concurrence of the AC, is of the opinion that the risk management and internal control systems of the Group, addressing the financial, operational, compliance and information technology risks are adequate and effective as at 31 December 2025 to address the risks that the Group considers relevant and material to its operations.

The Company does not have a Board Risk Committee. The Board is of the view that the AC, supported by the Management alongside the ERMF is sufficient to address risk management issues. The AC and the Management will continually assess the adequacy and effectiveness of the risk management framework and processes.

Internal Control

The Company continues to engage Wensen Consulting Asia (S) Pte Ltd as its internal auditor (“**IA**”) to perform the Group’s internal audit function. The IA has unfettered access to all the Group’s documents, records, properties and personnel, including access to the AC. The IA primarily reports directly to the AC and reports administratively to the Managing Director and CEO. The IA has adopted the Standards for Professional Practice of Internal Auditing set by the Institute of Internal Auditors.

Wensen Consulting Asia (S) Pte Ltd is headed by the Managing Director Mr. Edward Yap, who is a member of Malaysian Institute of Accountants (MIA), member of Institute of Singapore Chartered Accountants (ISCA), Fellow Member of the Association of Certified Chartered Accountants (FCCA) and Chartered Member of the Institute of Internal Auditors Malaysia (CMIIA). The engagement team comprises of an Associate Director who has more than 18 years of experience in risk management and risk-based internal auditing, a Lead Consultant and other supporting consultants who possesses relevant experience and qualification in the field of accounting and finance.

The AC is responsible for the hiring, removal, evaluation and compensation of the accounting or auditing firm which the internal audit function of the Company is outsourced. The AC, on an annual basis, assesses the independence, effectiveness and adequacy of resources of the IA by examining the scope of the IA work and its independence of areas reviewed and the IA’s report. The AC is satisfied that the internal audit function is independent, effective and has adequate resources and appropriate standing within the Company to undertake its activities independently and objectively.

The AC met with the IA without the presence of management once during FY2025.

The AC is satisfied that the internal audit function is staffed with qualified and experienced professionals with relevant experience.

The IA performs detailed work to assist the AC in the evaluation of the Group’s financial, operational, compliance and information technology controls based on the internal audit plan approved by the AC. Any material non-compliance or weaknesses in internal controls, including recommendations for improvements, are reported to the AC. The AC also reviews the effectiveness of actions taken by Management on the recommendations made by the IA in this respect. Based on the work performed by the IA for FY2025, covering project site management and project closure management for 3 subsidiaries -Koyo Engineering (S.E. Asia) Pte Ltd; Koyo M&E Pte Ltd and Koyo Engineering M&E Pte Ltd, no material weaknesses were highlighted.

The IA conducts an annual review of the effectiveness of the Company’s material internal control systems including financial, operational, compliance, and information technology controls. The external auditors, during the conduct of their normal audit procedures, may also report on matters relating to internal controls.

CORPORATE GOVERNANCE

The Board has also received assurance from the Managing Director and CEO, Executive Directors and the Chief Financial Officer (“CFO”) that:

- (i) the financial records have been properly maintained and the financial statements give a true and fair view of the Group’s operations and finances; and
- (ii) the internal controls and risk management systems of the Group are adequate and effective in addressing the Group’s financial, operational, compliance and information technology control risks as at 31 December 2025.

Based on the internal controls established and maintained by the Group, ERMF established and reviewed by the AC and Management, work performed by the IA, and the statutory audit conducted by the external auditors, and the reviews performed by the Management, various Board Committees and the Board, the Board with the concurrence of the AC, is of the opinion that the internal controls and risk management systems of the Group are adequate and effective in addressing the Group’s financial, operational, compliance and information technology control risks as at 31 December 2025.

The system of internal controls and risk management established by the Group provides reasonable, but not absolute, assurance that the Group’s assets are safeguarded. The Board notes that no system of internal controls and risk management can provide absolute assurance in this regard.

Audit Committee

Principle 10: The Board has an Audit Committee (“AC”) which discharges its duties objectively.

The AC comprises the AC Chairman, Mr Lai Kuan Loong, Victor and two (2) other members, Mr Ong Kai Hoe and Ms Elaine Soong Siew Kim, all of whom (including the chairman of the AC) are Independent Non-Executive Directors. The key terms of reference of the AC includes, *inter alia*:

- (a) Reviewing the significant financial reporting issues and judgements so as to ensure the integrity of the financial statements of the Group and any announcements relating to the Group’s financial performance;
- (b) Reviewing and reporting to the Board at least annually the adequacy and effectiveness of the Company’s internal controls and risk management systems, including financial, operational, compliance and information technology controls;
- (c) Reviewing the assurance from the CEO, Executive Directors and CFO on the financial records and financial statements;
- (d) Reviewing the adequacy, effectiveness, independence, scope and results of the external audit and the Company’s internal audit function;
- (e) Making recommendations to the Board on the proposals to the shareholders on the appointment, re-appointment and removal of the external auditors, and approving the remuneration and terms of engagement of the external auditors;
- (f) Reviewing the policy and arrangements for concerns about possible improprieties in financial reporting or other matters to be safely raised, independently investigated and appropriately followed up on; and
- (g) Reviewing of any interested person transactions falling within the scope of the Catalist Rules and any potential conflicts of interests

CORPORATE GOVERNANCE

None of the AC members were previous partners or Directors of the Company's external audit firm within a period of two years commencing on the date of their ceasing to be a partner of the auditing firm or Director of the auditing corporation and none of the AC members hold any financial interest in the external audit firm.

The AC has also met with external and internal auditors, without the presence of Management, once in FY2025.

During FY2025, the external auditors during the presentation of the audit plan also provided relevant updates relating to changes to accounting standards and issues which have a direct impact on financial statements.

During FY2025, the AC has performed, *inter alia*, the following functions:

A. External & Internal Auditors

The AC has reviewed together with the external and internal auditors:

- i. the audit plans of the external and internal auditors of the Company;
- ii. their audit reports;
- iii. the assistance given by Management to the external and internal auditors; and
- iv. the consolidated financial statements of the Group.

The AC has also reviewed the independence of the external auditors. The AC shall continue to monitor the scope and results of the external audit, its cost effectiveness and the independence and objectivity of the external auditors and give its recommendations to the Board and the Company regarding the appointment, re-appointment or removal of the external auditors.

The aggregate amount of fees paid or payable to the external auditors during FY2025 is as follows:

Audit fees	–	S\$91,000
Non-audit fees	–	Nil

There were no non-audit services fees paid to the external auditors in FY2025 and accordingly, the AC is satisfied with the independence and objectivity of the external auditors and has recommended to the Board the re-appointment of Messrs Grant Thornton Audit LLP as the external auditors of the Company at the forthcoming AGM.

The Company is in compliance with Rule 712 and Rule 715 of the Catalist Rules in relation to its external auditors.

The Company has put in place a whistle-blowing policy whereby employees and external parties may raise concerns about possible improper financial reporting or other matters to any member of the AC. The objective of such arrangement is to ensure independent investigation of such matters and for appropriate follow-up actions, all whistle blower reports can be sent to any member of the AC. External stakeholders who wish to report or raise any such concerns about the Company may report to AC via email: whistleblow@koyointernational.com. All reports/complaints including the identity of the complainant will be treated as private and strictly confidential and the Company is committed to ensure that whistleblowers are protected against detrimental or unfair treatment. The members will then report to the Chairman of the AC. The whistle-blowing procedures are clearly communicated to employees during the induction meeting. The AC is responsible for oversight and monitoring of whistleblowing. During FY2025, there was no incident of concern reported to the AC.

CORPORATE GOVERNANCE

B. Review of financial statements

The half-yearly and full-year announcements are presented to the AC for approval, before endorsement by the Board, to ensure the integrity of information to be released.

During the financial year, the AC reviewed the half-year and full-year financial statements of the Company and the Group, including announcements relating thereto, released to Shareholders via SGXNet. The AC shall continue to review the financial statements of the Company and the Group on a half-yearly basis.

In the review of the financial statements for FY2025, the AC had discussed with the Management and the external auditors on changes to accounting standards and significant issues and assumptions that impact the financial statements. The most significant matters had also been included in the Independent Auditor's Report to Shareholders under "Key Audit Matters". Following the review, the AC concurred and agreed with the external auditors and the Management on their assessment, judgements and estimates on the Key Audit Matters reported by the external auditors. The Board had approved the financial statements.

SHAREHOLDER RIGHTS AND ENGAGEMENT

Shareholder Rights and Conduct of General Meetings

Principle 11: The company treats all shareholders fairly and equitably in order to enable them to exercise shareholders' rights and have the opportunity to communicate their views on matters affecting the company. The company gives shareholders a balanced and understandable assessment of its performance, position and prospects.

Shareholders are informed of general meetings through the announcements released to the SGXNet and on the Company's corporate website, to ensure fair dissemination to shareholders.

The Company encourages Shareholders' participation at the Company's AGMs. The AGM is the principal forum for dialogue with Shareholders. The Company's forthcoming AGM for FY2025 will be held physically. Please refer to the notices for more information.

Regulation 149 of the Company's Constitution allows for the communication of annual reports, appendixes, and circular(s) via electronic means. Hence, the Company's annual report for FY2025 will be made available to members solely by electronic means via publication on the SGXNet URL: <https://www.sgx.com/securities/company-announcement>, via publication on the Company's corporate website, <https://koyotech.com/annual-reports/>. The Company will continue to mail the notice of general meeting, proxy form and request form to Shareholders.

Shareholders are given the opportunity to participate effectively in and to vote at general meetings of shareholders. Shareholders are able to engage with the Board and the Management on the Group's business activities, financial performance and other business-related matters. The Chairman of the Board and the respective chairpersons of the Board Committees are present and available to address questions at the general meetings. The external auditors are also present to address shareholders' queries about the conduct of audit and the preparation of the auditors' report. The attendance of the Directors at the general meetings held during the financial year is disclosed in the Company's Annual Report.

An independent scrutineer is appointed by the Company for general meetings. Rules, including the voting procedures that govern the general meetings, will be explained to shareholders.

CORPORATE GOVERNANCE

Each item of special business included in the notice of the general meetings will be accompanied by explanation of the effects of a proposed resolution. All the resolutions at the general meetings are single item resolutions.

Registered shareholders including corporations and custodial services providers who are unable to attend, are allowed to appoint up to two (2) proxies to vote on his/her behalf at the general meeting through proxy forms sent in advance. This allows shareholders who hold shares through corporations to attend and participate in the AGM via proxies. The Companies Act allows certain members who are relevant intermediaries (the meaning ascribed to it in Section 181 of the Companies Act 1967 such as corporations holding licenses in providing nominee and custodial services and CPF Board which purchases shares on behalf of CPF investors), to appoint multiple proxies to attend and participate in the general meetings.

Voting by absentia by mail, facsimile or email is currently not provided in the Company's Constitution as such voting methods would need to be cautiously studied for its feasibility to ensure that the integrity of the information and the authenticity of the shareholder's identity is not compromised.

The Company will publish the minutes of general meetings of shareholders on the SGX website via SGXNet and the Company's website within one (1) month from the date of the general meetings.

The Company does not have a fixed dividend policy at present. The form, frequency and amount of dividends declared or recommended in respect of any particular financial year or period will be subject to various factors including (a) the level of available cash; (b) the return on equity and retained earnings; (c) projected level of capital expenditure and other investment plans and other factors as the Directors may deem appropriate. The Company will, in accordance with Rule 704(23) of the Catalist Rules, expressly disclose the reason(s) in its financial results announcements on SGXNet if the Company decides not to declare or recommend a dividend, or if there is a material variation in the dividend rate compared to the previous corresponding period.

No dividend has been declared or recommended in respect of FY2025 to conserve the Company's cash resources for on going projects.

Engagement with Shareholders

Principle 12: The company communicates regularly with its shareholders and facilitates the participation of shareholders during general meetings and other dialogues to allow shareholders to communicate their views on various matters affecting the company.

The Company believes in high standards of transparent corporate disclosure and is committed to disclose all major developments that may have a material impact on the Group to its shareholders, in a timely and fair manner via SGXNet and/or the Company's corporate website, as required by the Catalist Rules. The Company ensures that price-sensitive information is publicly released, and is announced within the mandatory period.

Communication is made, using electronic communications, via SGXNet through, *inter alia*:

- Annual report that is prepared and sent to all shareholders by publishing on the Company's corporate website. The Board ensures that the annual report includes all relevant information about the Company and the Group, including future developments and other disclosures required by the Singapore Companies Act and Singapore Financial Reporting Standards (International);
- Half-yearly and full-year announcements containing a summary of the financial information and affairs of the Group for that period; and
- Notices of explanatory memoranda for AGMs and Extraordinary General Meetings ("EGMs").

CORPORATE GOVERNANCE

The Company's website at <http://www.koyotech.com> at which our shareholders can access financial information and profile of the Group.

The Company does not have a dedicated investor relations team, as communications with shareholders is the responsibility of the Management.

The Board welcomes the views of shareholders on matters affecting the Company whether at a shareholders' meeting or on an ad hoc basis. A shareholder of the Company may submit questions relating to resolutions to be tabled for approval at the AGM or the Company's businesses and operations in advance of the general meetings. The Company shall only address relevant and substantial questions prior to or of the general meeting and will endeavour to publish its response to those questions on the SGXNet and the Company's website on 22 April 2026. After the cut-off time for the submission of questions, if there are substantial and relevant questions received, the Board may address them at the AGM.

All resolutions are put to vote by poll in all its general meetings and are integral in the enhancement of corporate governance. For cost effectiveness, the voting of the resolutions at the general meetings are conducted by manual polling and their detailed results are announced at the meeting. The outcome of the general meeting is promptly announced via SGXNet after the general meeting.

Managing Stakeholder Relationships

Engagement with Stakeholders

Principle 13: The Board adopts an inclusive approach by considering and balancing the needs and interests of material stakeholders, as part of its overall responsibility to ensure that the best interests of the company are served.

The Company has undertaken the process of identifying its stakeholders and material aspects relevant to the Group's business. The interests and requirements of key stakeholders are also taken into account when formulating corporate strategies. The key stakeholders include, but are not limited to employees, suppliers & service providers, investors & shareholders, customers and regulators. The Company had adopted both formal and informal channels of communication to understand the needs of key stakeholders, and incorporate these into the Company's corporate strategies to achieve mutually beneficial relationships. The Company has disclosed on its engagement platforms to the stakeholders that its sustainability report for FY2025 will be released separately by the end of April 2026.

The Company maintains its website at <http://www.koyotech.com> to communicate and engage with stakeholders. On the website, stakeholders can find explanations about our expertise, our Company Profile, career opportunities, Annual Reports and other information.

ADDITIONAL INFORMATION

Dealing in Securities

In compliance with Rule 1204(19) of the Catalist Rules, the Company has adopted a set of code of conduct to provide guidance to its officers regarding dealings in the Company's securities.

The Company and its officers are not allowed to deal in the Company's securities during the period commencing one (1) month before the announcement of the Company's full year or half-year financial results and ending on the date of the announcement of such results and at any time they are in possession of unpublished material price sensitive information in relation to these securities. Directors and officers are also expected to observe insider trading laws at all times (including the permitted trading periods) or when they are in possession of unpublished price-sensitive information and advised not to deal in the Company's securities on short-term considerations.

CORPORATE GOVERNANCE

Risk Management

The Company is continually reviewing and improving the business and operational activities to take into account the risk management perspective. This includes reviewing management and manpower resources, updating work flows, processes and procedures to meet the current and future market conditions.

Interested Person Transactions

The Group has procedures governing all interested person transactions (“**IPTs**”) to ensure that they are properly documented and reported in a timely manner to the AC and that such transactions are carried out on an arm’s length basis and on normal commercial terms and are not prejudicial to the Company.

Reference is made to the Company’s announcement dated 11 July 2025 wherein the extension of IPTs entered into comprises the following:

- i. a bridging loan amounting to S\$0.5 million that was extended by Mr Foo Suay Lun (“**FSL**”) to Koyo Engineering (S.E. Asia) Pte Ltd (“**KEPL**”), the interest of which amounted to approximately S\$20,000;
- ii. a working capital loan amounting to S\$3.0 million that was extended by FSL to KEPL, which was fully drawn down during FY2024, the interest of which amounted to approximately S\$119,000; and
- iii. a working capital loan amounting to S\$3.5 million that was extended by KF Capital Pte Ltd to KEPL which was fully drawn down during FY2024, the interest of which amounted to approximately S\$139,000.

The aggregate value of all IPTs is S\$278,000. The Group does not have a general mandate from shareholders for IPT.

Non-Sponsor Fees

There was no non-sponsor fees paid/payable to SAC Capital Private Limited during FY2025.

Material Contracts

There was no material contracts entered into by the Group involving the interests of the CEO, the Director or controlling shareholders, either still subsisting at the end of the financial year or if not then subsisting, which were entered into since the end of the previous financial year.

DIRECTORS' STATEMENT

The directors are pleased to present their statement to the members together with the audited financial statements of Koyo International Limited (the "**Company**") and its subsidiaries (collectively, the "**Group**") for the financial year ended 31 December 2025.

1. Opinion of the directors

In the opinion of the directors,

- (a) the consolidated financial statements of the Group and the statement of financial position of the Company are drawn up so as to give a true and fair view of the financial position of the Group and of the Company as at 31 December 2025 and the financial performance, changes in equity and cash flows of the Group for the year then ended on that date in accordance with the provisions of the Singapore Companies Act 1967 (the "Act") and Singapore Financial Reporting Standards (International); and
- (b) at the date of this statement, there are reasonable grounds to believe that the Company will be able to pay its debts as and when they fall due.

2. Directors

The directors of the Company in office at the date of this statement are as follows:

Foo Suay Wei
 Foo Suay Lun
 Lai Kuan Loong, Victor (Appointed on 23 July 2025)
 Ong Kai Hoe
 Elaine Soong Siew Kim

3. Arrangements to enable directors to acquire shares or debentures

Neither at the end of nor at any time during the financial year was the Company a party to any arrangement whose object are, or one of whose objects is, to enable the directors of the Company to acquire benefits by means of the acquisition of shares in, or debentures of, the Company or any other body corporate.

4. Directors' interest in shares or debentures

According to the register of directors' shareholdings kept by the Company under Section 164 of the Singapore Companies Act 1967 (the "Act"), none of the directors holding office at the end of the financial year had any interest in the shares or debentures of the Company or its related corporations, either at the beginning of the financial year, or date of appointment if later, or at the end of the financial year, except as follows:

Mr Foo Suay Lun, who by virtue of his deemed interest of not less than 20% of the issued capital of the Company, via the shares held by Salix Capital Pte Ltd, which is 100% owned by Mr Foo Suay Lun, is deemed to have an interest in the share capital of the Company's wholly owned subsidiaries.

DIRECTORS' STATEMENT

5. Share options

There was no share options granted during the financial year to subscribe for unissued shares of the Company and its subsidiaries.

There were no shares issued during the financial year by virtue of the exercise of options to take up unissued shares of the Company and its subsidiaries.

There were no unissued shares of the Company and its subsidiaries under option at the end of the financial year.

6. Audit committee

The Audit Committee ("**AC**") comprises the following members:

Wong Loke Tan (Chairman) - (Resigned on 25 April 2025)
Lai Kuan Loong, Victor (Chairman) - (Appointed on 23 July 2025)
Elaine Soong Siew Kim
Ong Kai Hoe

All members of the AC were independent and non-executive directors.

The AC carried out its functions in accordance with Section 201B (5) of the Act, the Listing Manual of the Singapore Exchange Securities Trading Limited ("**SGX-ST**") and the Code of Corporate Governance 2018. Among other functions, it performed the following:

- Reviewed the audit plans of the Company's internal and external auditors, the results of their examination, and the internal and external auditors' evaluation of the adequacy of the Company's system of internal accounting controls;
- Reviewed the assistance given by the Group's and the Company's management to the external and internal auditors;
- Reviewed the half yearly announcement and annual financial statements and the auditor's report on the annual financial statements of the Group and the Company before their submission to the board of directors (the "**Board**");
- Reviewed effectiveness of the Group's and the Company's material internal controls, including financial, operational, compliance and information technology controls and their risk management via reviews carried out by the internal auditor;
- Met with the external auditor and internal auditors at least once annually, to discuss any problem and concern they may have;
- Reviewed legal and regulatory matters that may have a material impact on the financial statements related compliance policies and regulations and any reports received from regulators;
- Reviewed the cost effectiveness, and as required under Section 206(1A) of the Act, the independence and objectivity of the external auditor, and determined that the auditors were independent in carrying out their audit of the financial statements;
- Reviewed the nature and extent of non-audit services provided by the external auditor;

DIRECTORS' STATEMENT

6. Audit committee (continued)

- Made recommendations to the Board on the appointment, re-appointment and removal of the external auditors, and approving the remuneration and terms of engagement of the external auditors;
- Reviewed the adequacy and effectiveness of the Group's internal audit function at least annually, including the adequacy of internal audit resources and its appropriate standing within the Group, as well as the scope and results of the internal audit procedures;
- Provide oversight and monitoring arrangements whereby concerns on possible financial improprieties or, other matters raised by whistle-blowers are investigated independently and appropriate follow-up action taken; and
- Reviewed and approved interested person transactions as defined in Chapter 9 of the Listing Manual of the SGX-ST.

The AC, having reviewed all non-audit services provided by the external auditor to the Group, is satisfied that the nature and extent of such services would not affect the independence of the external auditor.

The AC convened two meetings during the year. The AC has also met with internal and external auditors, without the presence of the Company's management, at least once a year.

The AC has recommended to the board of directors that the independent auditor, Grant Thornton Audit LLP, be nominated for re-appointment as the independent auditor at the next annual general meeting of the Company.

In appointing our auditors of the Company and subsidiaries, we have complied with Rules 712 and 715 of the Listing Manual of the SGX-ST.

Further details regarding the AC are disclosed in the Report on Corporate Governance.

7. Auditors

The auditor, Grant Thornton Audit LLP, has expressed its willingness to accept re-appointment.

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF KOYO INTERNATIONAL LIMITED

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Koyo International Limited (the "Company") and its subsidiaries (collectively, the "Group"), which comprise the consolidated statement of financial position of the Group and the statement of financial position of the Company as at 31 December 2025, and the consolidated statement of comprehensive income, consolidated statement of changes in equity and consolidated statement of cash flows of the Group for the year then ended, and notes to the financial statements, including material accounting policy information.

In our opinion, the accompanying consolidated financial statements of the Group and the statement of financial position of the Company are properly drawn up in accordance with the provisions of the Companies Act 1967 (the "Act") and Singapore Financial Reporting Standards (International) ("SFRS(I)s") so as to give a true and fair view of the consolidated financial position of the Group and the financial position of the Company as at 31 December 2025 and of the consolidated financial performance, consolidated changes in equity and consolidated cash flows of the Group for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with Singapore Standards on Auditing ("SSAs"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the Accounting and Corporate Regulatory Authority ("ACRA") *Code of Professional Conduct and Ethics for Public Accountants and Accounting Entities* ("ACRA Code"), as applicable to audits of financial statements of public interest entities, together with the ethical requirements that are relevant to audits of the financial statements of public interest entities in Singapore. We have also fulfilled our other ethical responsibilities in accordance with these requirements and the ACRA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Key Audit Matter	How the matter was addressed in our audit
<p>Recognition and measurement of contract revenue, contract costs and related provisions</p> <p>The Group's revenue for the financial year ended 31 December 2025 comprises construction contracts and facilities management.</p> <p>For construction contracts, the Group recognises revenue overtime using the input and output method for measuring progress for different performance obligations and for different contracts that best depicts the transfer of control of goods or services promised to the customer.</p> <p>For construction project measured using input method, the performance obligation milestone is measured based on actual costs incurred to-date relative to the total budgeted costs for each project. If the unavoidable costs of meeting the obligations under a contract exceed the expected economic benefits to be received from the contract, a provision for onerous contract is recognised for the full amount of the expected loss.</p> <p>For construction project measured using output method, the performance obligation milestone is measured by reference to the value of work done certified by a third-party assessor (i.e. work done certified by the quantity surveyor, consultants and acknowledgement by customers).</p> <p>The uncertainty and subjectivity involved in determining the budgeted costs and progress towards completion including variation orders and claims may have a significant impact on the amount of revenue recognised and the results of the Group, including the possible provision of onerous contract and other liabilities. As such, we determined this to be a key audit matter.</p>	<p>Our audit procedures included but are not limited to the following:</p> <ul style="list-style-type: none"> • Traced total contract sums to contracts and variation orders entered into by the Group with its customers; • Reviewed the contractual terms for contracts with customers and verified project revenue and costs incurred against underlying supporting documents; • Assessed the reasonableness of the revenue recognised via discussions with the project teams and obtaining corroborating evidence such as correspondence with the customers; • Perused customers' and subcontractors' correspondences and discussed the progress of the projects with the Group's various project management personnel for signs of any potential disputes, variation order claims, known technical issues, delays, penalties, cost overrun or significant events that could impact the estimated total budgeted costs; • Based on the work performed on estimated total budgeted costs, assessed management's position on provision for onerous contracts for projects which are expected to be loss-making, where applicable; and • Reviewed and challenged management's assessment of the outstanding projects' estimated costs to complete and the reasonableness of provisions for other liabilities and onerous contracts. <p>For construction projects measured using output method:</p> <ul style="list-style-type: none"> • Obtained an understanding of the projects under construction through discussions with management and examination of project documentation (including contracts and correspondence with customers); and • Checked the contract revenue recognised to the value of work done certified by a third-party assessor.

Key Audit Matters (continued)

Key Audit Matter	How the matter was addressed in our audit
<p>Recognition and measurement of contract revenue, contract costs and related provisions (continued)</p> <p>The key assumptions to the estimate of total construction revenue, variation or claims as contract revenue, contract balances and provision for other liabilities and onerous contracts are disclosed in Notes 3.2(a), 3.2(b), 13 and 17.</p>	<p>For construction project measured using input method:</p> <ul style="list-style-type: none"> • Obtained an understanding and reviewed management's internal costing and budgeting processes in estimating contract revenues, total budgeted costs and profit margin; • Checked the contract revenue recognised to the stage of completion of each project measured by reference to actual contract costs incurred for work performed to date relative to the estimated total budgeted cost; • Assessed the reasonableness of the key assumptions used by management in estimating the total budgeted costs for the projects; • Assessed the appropriateness of inputs, amongst others, materials, subcontractor and labour costs used by management in their estimation of the total budgeted costs to complete and obtained supporting documentation on the major inputs; • Assessed the reasonableness of the total estimated contract costs and costs to complete through, but not limited to, retrospective assessment and obtaining supporting documentation on major inputs; and • Checked the mathematical accuracy of the revenue recognised based on the input method calculation.

Other Information

Management is responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the financial statements and our auditor's report thereon.

We have obtained all other information prior to the date of this auditor's report.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF KOYO INTERNATIONAL LIMITED

Responsibilities of Management and Directors for the Financial Statements

Management is responsible for the preparation of financial statements that give a true and fair view in accordance with the provisions of the Act and SFRS(I)s, and for devising and maintaining a system of internal accounting controls sufficient to provide a reasonable assurance that assets are safeguarded against loss from unauthorised use or disposition; and transactions are properly authorised and that they are recorded as necessary to permit the preparation of true and fair financial statements and to maintain accountability of assets.

In preparing the financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The directors' responsibilities include overseeing the Group's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SSAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF KOYO INTERNATIONAL LIMITED

Auditor's Responsibilities for the Audit of the Financial Statements (continued)

- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, actions taken to eliminate threats or safeguards applied.

From the matters communicated with the directors, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

In our opinion, the accounting and other records required by the Act to be kept by the Company and by those subsidiary corporations incorporated in Singapore of which we are the auditors have been properly kept in accordance with the provisions of the Act.

The engagement partner on the audit resulting in this independent auditor's report is Tan Ee Choon.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2025

1. General information

Koyo International Limited (“Company”) is listed on the Catalist, the sponsor-supervised listing platform of SGX-ST and incorporated and domiciled in Singapore. The Company’s registered office is at 33 Ubi Avenue 3, #02-16, Singapore 408868.

The principal activities of the Company are those of investment holding and business of providing integrated mechanical and electrical engineering (“M&E”) services.

The principal activities of its subsidiaries are disclosed in Note 14 to the financial statements.

2. Material accounting policy information

2.1 Basis of preparation

These financial statements have been prepared in accordance with Singapore Financial Reporting Standards (International) (“SFRS(I)s”) under the historical cost convention, except as disclosed in the accounting policies below.

The preparation of financial statements in conformity with SFRS(I)s requires management to exercise its judgement in the process of applying the Group’s accounting policies. It also requires the use of certain critical accounting estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the financial year. Actual results could differ from those estimates. The estimates and assumptions are reviewed on an ongoing basis. The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the financial statements are disclosed in Note 3.

These financial statements are presented in Singapore dollar (“\$”) which is also the functional currency of the Company. All financial information presented are rounded to the nearest thousand (“\$’000”), unless otherwise indicated.

Going concern assumption

The Company incurred a net loss of \$439,000 (2024: \$208,000) during the financial year ended 31 December 2025 and as at that date, the Company’s current liabilities exceeded its current assets by \$1,030,000 (2024: \$591,000). Included in the current liabilities is an amount of \$1,080,000 (2024: \$730,000) due to a subsidiary.

Notwithstanding the above, the directors are of the view that it is appropriate to prepare the financial statements on a going concern basis as the subsidiary has undertaken not to seek for immediate repayment of the amount due from the Company until the Company’s external liabilities have been settled or when the Company’s cashflows permit.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2025

2. Material accounting policy information (continued)

2.2 Adoption of new and amended standards and interpretations

The accounting policies adopted are consistent with those of the previous financial year except that in the current financial year, the Company has adopted all the new and amended standards which are relevant to the Company and are effective for annual financial period beginning on 1 January 2025. The adoption of these standards did not have any material effect on the financial statements of the Company.

2.3 Standards issued but not yet effective

At the date of authorisation of these statements, the following SFRS(I) and SFRS(I) INT were issued but not yet effective and have not been applied in preparing these financial statements:

Description	Effective for annual periods beginning on or after
Annual improvement to SFRS(I)s – Volume 11	1 January 2026
Amendments to SFRS(I) 9 and SFRS(I) 7: Contracts Referencing Nature-dependent Electricity	1 January 2026
Amendments to SFRS(I) 9 and SFRS(I) 7: Amendments to the Classification and Measurement of Financial Instruments	1 January 2026
SFRS(I) 18: Presentation and Disclosure in Financial Statements	1 January 2027
SFRS(I) 19: Subsidiaries without Public Accountability: Disclosures	1 January 2027
Amendments to SFRS(I) 19: Subsidiaries without Public Accountability: Disclosures	1 January 2027
Amendments to SFRS(I) 1-21: Translation to a Hyperinflationary Presentation Currency	1 January 2027
Amendments to SFRS(I) 10 and SFRS(I) 1-28: Sale or Contribution of Assets between an Investor and its Associate or Joint Venture	To be determined

Management is in the process of assessment and anticipates that the adoption of the above SFRS(I) and amendments to SFRS(I) in future periods will not have a material impact on the financial statements in the period of their initial adoption except for the following:

SFRS(I) 18 is effective for annual reporting periods beginning on or after 1 January 2027 with earlier application permitted. SFRS(I) 18 requires retrospective application with specific transition provisions. Management anticipates that the new requirements will change the current presentation and disclosure in the financial statements:

SFRS(I) 18 introduces new requirements to:

- Present the statement of profit or loss with specified categories and defined subtotals. Entities are required to classify all income and expenses into one of the five categories in the statement of profit or loss: operating, investing, financing, income taxes and discontinued operations, whereof the first three are new
- provide disclosures on management-defined performance measures (MPMs) in the notes to the financial statements

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2025

2. Material accounting policy information (continued)

2.3 Standards issued but not yet effective (continued)

- improve aggregation and disaggregation of the financial information which apply to the primary financial statements and notes in general

In addition, narrow-scope amendments have been made to SFRS(I) 1-7 Statement of Cash Flows, which introduces the use of “operating profit or loss” as the starting point for the statement of cash flows when presenting operating cash flows under the indirect method.

SFRS(I) 18 is effective for annual reporting periods beginning on or after 1 January 2027 with earlier application permitted. SFRS(I) 18 requires retrospective application with specific transition provisions. Management anticipates that the new requirements will change the current presentation and disclosure in the financial statements.

2.4 Revenue recognition

Revenue is measured based on the consideration to which the Group expects to be entitled in exchange for transferring promised goods or services to a customer, excluding amounts collected on behalf of third parties.

Revenue is recognised when the Group satisfies a performance obligation by transferring a promised good or service to the customer, which is when the customer obtains control of the good or service. A performance obligation may be satisfied at a point in time or over time. The amount of revenue recognised is the amount allocated to the satisfied performance obligation.

Contract revenue from construction contracts and facilities management

The Group provides integrated mechanical and electrical engineering (“M&E”) services, engineering contract works and facilities management services through fixed-price contracts. At contract inception, the Group assesses whether the Group transfers control of the services over time or at a point in time by determining if (a) its performance does not create an asset with an alternative use to the Group; and (b) the Group has an enforceable right to payment for performance completed to date.

Contract revenue is recognised over time by measuring the progress towards complete satisfaction of performance obligations. The measure of progress is typically assessed by reference to either surveys of work performed (output method), or the cost incurred to date relative to total estimated cost (input method) depending on which method would faithfully depict the Group’s performance towards complete satisfaction of the performance obligation. Costs incurred that are not related to the contract or that do not contribute towards satisfying a performance obligation are excluded from the measure of progress and instead are expensed as incurred.

Contract revenue is recognised over time by reference to the Group’s progress towards completing the contract activity at the end of the reporting period, when the outcome of a construction contract can be estimated reliably.

An expected loss on the construction contract is recognised as an expense immediately when it is probable that total contract costs will exceed total contract revenue.

Revenue from facilities management is recognised when the services have been performed and rendered to the customer.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2025

2. Material accounting policy information (continued)

2.4 Revenue recognition (continued)

Contract assets and contract liabilities

A contract asset is recognised when the Group has performed under the contract but has yet to bill the customer. Conversely, a contract liability is recognised when the Group has yet to perform under the contract but has received advanced payments from the customer. Contract assets are transferred to receivables when the rights to consideration become unconditional. Contract liabilities are recognised as revenue as the Group performs under the contract.

The Group becomes entitled to invoice customers for services based on achieving a series of performance-related milestones acknowledged by customer.

2.5 Government grants

Government grants are recognised as a receivable when there is reasonable assurance that the grant will be received and all attached conditions will be complied with.

When the grant relates to an expense item, it is recognised as income on a systematic basis over the periods that the related costs, for which it is intended to compensate, are expensed. When the grant relates to an asset, the fair value is recognised as deferred income on the statement of financial position and is recognised as income in equal amounts over the expected useful life of the related asset. When loans or similar assistance are provided by governments or related institutions with an interest rate below the current applicable market rate, the effect of this favourable interest is regarded as additional government grant.

2.6 Group accounting

Subsidiaries

(i) Consolidation

The financial statements of the Group comprise the financial statements of the Company and its subsidiaries. Subsidiaries are all entities (including structured entities) over which the Group has power and the Group is able to use such power to affect its exposure, or rights, to variable returns from its involvement with the entity. Subsidiaries are consolidated from the date on which control is transferred to the Group. They are deconsolidated from the date that control ceases.

In preparing the consolidated financial statements, transactions, balances and unrealised gains on transactions between group entities are eliminated. Unrealised losses are also eliminated but are considered an impairment indicator of the asset transferred. Accounting policies of subsidiaries have been changed where necessary to ensure consistency with the policies adopted by the Group.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2025

2. Material accounting policy information (continued)

2.6 Group accounting (continued)

Subsidiaries (continued)

(ii) Acquisitions

The acquisition method of accounting is used to account for business combinations entered into by the Group when the acquired set of activities and assets meets the definition of a business and control is transferred to the Group. In determining whether the acquired set of activities and assets is a business, the Group assesses whether the acquired set of activities and assets, includes, at a minimum, an input and substantive process, and whether the acquired set has the ability to produce outputs.

The consideration transferred for the acquisition of a subsidiary or business is generally measured at fair value, as are the identifiable net assets acquired. Any goodwill that arises is tested annually for impairment. Any gain on a bargain purchase is recognized in profit or loss immediately. Acquisition-related costs are expensed as incurred.

Any contingent consideration payable is recognized at the fair value at the acquisition date and included in the consideration transferred. If the contingent consideration that meets the definition of a financial instrument is classified as equity, it is not remeasured and its subsequent settlement shall be accounted for within equity. Otherwise, other contingent consideration is remeasured at fair value at each reporting date with changes in fair value recognized in profit or loss.

Identifiable assets acquired and liabilities and contingent liabilities assumed in a business combination are, with limited exceptions, measured initially at their fair values at the acquisition date.

On an acquisition-by-acquisition basis, the Group recognises any non-controlling interest in the acquiree at the date of acquisition either at fair value or at the non-controlling interest's proportionate share of the acquiree's identifiable net assets.

(iii) Loss of control

When the Group loses control over a subsidiary, it derecognises the assets and liabilities of the subsidiary, and other components of equity. Any resulting gain or loss is recognised in profit or loss. Any interest retained in the former subsidiary is measured at fair value when control is lost.

2.7 Property, plant and equipment

(a) Measurement

(i) Leasehold properties

Leasehold properties are initially recognised at cost and are subsequently carried at the revalued amounts less accumulated depreciation and accumulated impairment losses.

Leasehold properties are revalued by independent professional valuers whenever their carrying amounts are likely to differ materially from their revalued amounts. When an asset is revalued, any accumulated depreciation at the date of revaluation is eliminated against the gross carrying amount of the asset. The net amount is then restated to the revalued amount of the assets.

2. Material accounting policy information (continued)

2.7 Property, plant and equipment (continued)

(a) Measurement (continued)

(i) Leasehold properties (continued)

Valuations are performed at least once every three years to ensure that the carrying amount does not differ materially from the fair value of the leasehold properties and improvements at the end of the reporting period.

Increases in carrying amounts arising from revaluation are recognised in other comprehensive income (OCI) and accumulated in equity, unless they reverse a revaluation decrease of the same asset previously recognised in profit or loss. In this case, the increase is recognised in profit or loss. Decreases in carrying amounts are recognised in other comprehensive income to the extent of any credit balance existing in the equity in respect of that asset and reduces the amount accumulated in equity. All other decreases in carrying amounts are recognised in profit or loss.

(ii) Other property, plant and equipment

All other items of property, plant and equipment are initially recognised at cost and subsequently carried at cost less accumulated depreciation and accumulated impairment losses.

(iii) Components of costs

The cost of an item of property, plant and equipment initially recognised includes its purchase price and any cost that is directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management.

(b) Depreciation

Depreciation on property, plant and equipment is calculated using the straight-line method to allocate their depreciable amounts over their estimated useful lives as follows:

	<u>Useful lives</u>
Office equipment and tools	5 years
Furniture and fittings	5 years
Motor vehicles	5 years
Computers	1 year
Renovation	5 years
Leasehold properties	6.13 years to over period of land lease
Leased office premises	2 years
Machinery and equipment	5 years

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2025

2. Material accounting policy information (continued)

2.7 Property, plant and equipment (continued)

(b) Depreciation (continued)

Fully depreciated property, plant and equipment are retained in the financial statements until they are no longer in use. No depreciation is charged on construction-in-progress as they are not yet in use as at the end of the financial year.

The residual values, estimated useful lives and depreciation method of property, plant and equipment are reviewed at the end of each reporting period, and adjusted prospectively, if appropriate. The effects of any revision are recognised in profit or loss when the changes arise.

(c) Subsequent expenditure

Subsequent expenditure relating to property, plant and equipment that has already been recognised is added to the carrying amount of the asset only when it is probable that future economic benefits associated with the item will flow to the entity and the cost of the item can be measured reliably. All other repair and maintenance expenses are recognised in profit or loss when incurred.

(d) Disposal

On disposal of an item of property, plant and equipment, the difference between the disposal proceeds and its carrying amount is recognised in profit or loss. Any amount in revaluation reserve relating to that item is transferred to retained profits directly.

2.8 Investments in subsidiaries

Investments in subsidiaries are carried at cost less accumulated impairment losses in the Company's statement of financial position. On disposal of such investments, the difference between disposal proceeds and the carrying amounts of the investments are recognised in profit or loss.

2.9 Impairment of non-financial assets

The carrying amounts of the Group's non-financial assets, other than deferred tax assets, are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated. For intangible assets that have indefinite useful lives or that are not yet available for use, the recoverable amount is estimated each year at the same time. An impairment loss is recognised if the carrying amount of an asset or its related cash-generating unit ("CGU") exceeds its estimated recoverable amount.

The recoverable amount of an asset or CGU is the greater of its value in use and its fair value less costs of disposal. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset or CGU. For the purpose of impairment testing, assets that cannot be tested individually are grouped together into the smallest group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows of other assets or CGUs.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2025

2. Material accounting policy information (continued)

2.9 Impairment of non-financial assets (continued)

Impairment losses are recognised in profit or loss. Impairment losses recognised in prior periods are assessed at each reporting date for any indications that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been recognised.

2.10 Financial instruments

The Group recognises a financial asset or a financial liability in its statement of financial position when the Group becomes party to the contractual provisions of the instrument.

(a) *Initial recognition and measurement*

A financial asset (with the exception of trade receivables that do not contain a significant financing component) or financial liability is initially measured at fair value plus or minus transaction costs that are directly attributable to its acquisition or issue, except for those financial assets classified as at fair value through profit or loss. A trade receivable without a significant financing component is initially measured at the transaction price.

(b) *Classification and measurement*

Non-derivative financial assets

On initial recognition, a financial asset is classified as measured at: amortised cost; fair value through other comprehensive income ("FVOCI") and fair value through profit or loss ("FVPL"). Financial assets are not reclassified subsequent to their initial recognition unless the Group changes its business model for managing financial assets, in which case all affected financial assets are reclassified on the first day of the first reporting period following the change in the business model.

Financial assets at amortised cost

A financial asset is measured at amortised cost if it is held within a business model whose objective is to hold the financial asset to collect contractual cash flows; and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. Financial assets at amortised cost include trade and other receivables, and cash and bank balances. These assets are subsequently measured at amortised cost under the effective interest method. The gross carrying amount is reduced by impairment losses. Interest income, foreign exchange gains and losses and impairment are recognised in profit or loss. Any gain or loss on derecognition is recognised in profit or loss.

Equity investments at FVOCI

On initial recognition of certain equity investments that are not held-for-trading, the Group may make an irrevocable election to present subsequent changes in the investment's fair value in OCI. The election is made on an investment-by-investment basis. These assets are subsequently measured at fair value. Dividends are recognised as income in profit or loss unless the dividend clearly represents a recovery of part of the cost of the investment. Other net gains and losses are recognised in OCI and are never reclassified to profit or loss.

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2025

2. Material accounting policy information (continued)

2.10 Financial instruments (continued)

(b) Classification and measurement (continued)

Financial liabilities

The Group derecognises financial liabilities when, and only when, the Group's contractual obligations are discharged, cancelled or they expire. The Group also derecognises a financial liability when its terms are modified and the cash flows of the modified liability are substantially different, in which case a new financial liability based on the modified terms is recognised at fair value. On derecognition of a financial liability, the difference between the carrying amount extinguished and the consideration paid (including any non-cash assets transferred or liabilities assumed) is recognised in profit or loss.

2.11 Impairment of financial assets

The Group recognises an allowance for expected credit losses (ECLs) for all debt instruments not held at FVPL. ECLs are based on the difference between the contractual cash flows due in accordance with the contract and all the cash flows that the Group expects to receive, discounted at an approximation of the original effective interest rate. The expected cash flows will include cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

ECLs are recognised in two stages. For credit exposures for which there has not been a significant increase in credit risk since initial recognition, ECLs are provided for credit losses that result from default events that are possible within the next 12-months (a 12-month ECL). For those credit exposures for which there has been a significant increase in credit risk since initial recognition, a loss allowance is recognised for credit losses expected over the remaining life of the exposure, irrespective of timing of the default (a lifetime ECL).

For trade receivables and contract assets, the Group applies a simplified approach in calculating ECLs. Therefore, the Group does not track changes in credit risk, but instead recognises a loss allowance based on lifetime ECLs at each reporting date. The Group has established a provision matrix that is based on its historical credit loss experience, adjusted for forward-looking factors specific to the debtors and the economic environment which could affect debtors' ability to pay.

The Group considers a financial asset in default when contractual payments are 60 days past due. However, in certain cases, the Group may also consider a financial asset to be in default when internal or external information indicates that the Group is unlikely to receive the outstanding contractual amounts in full before taking into account any credit enhancements held by the Group. A financial asset is written off when there is no reasonable expectation of recovering the contractual cash flows.

2.12 Offsetting of financial instruments

Financial assets and liabilities are offset and the net amount reported in the statement of financial position when there is a legally enforceable right to offset and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2025

2. Material accounting policy information (continued)

2.13 Guarantees

The Company has issued corporate guarantees to banks for banking facilities for its subsidiaries. In the event the subsidiaries utilise these banking facilities and the subsidiaries fail to make principal or interest payments when due in accordance with the terms of their borrowings, these guarantees will be financial guarantees as they require the Company to reimburse the banks.

2.14 Trade and other payables

Trade and other payables represent liabilities for goods and services provided to the Group prior to the end of financial year which are unpaid. They are classified as current liabilities if payment is due within one year or less (or in the normal operating cycle of the business if longer). Otherwise, they are presented as non-current liabilities.

Trade and other payables are initially recognised at fair value, and subsequently carried at amortised cost using the effective interest method.

2.15 Fair value estimation of financial assets and liabilities

The fair values of financial instruments traded in active markets (such as exchange-traded and over-the-counter securities and derivatives) are based on quoted market prices on the last working day of the financial year. The quoted market prices used for financial assets are the current bid prices; the appropriate quoted market prices used for financial liabilities are the current asking prices.

2.16 Leases

(a) *When the Group is the lessee:*

At the inception of the contract, the Group assesses if the contract contains a lease. A contract contains a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. Reassessment is only required when the terms and conditions of the contract are changed.

- Right-of-use assets

The Group recognises a right-of-use asset and lease liability at the date which the underlying asset is available for use. Right-of-use assets are measured at cost which comprises the initial measurement of lease liabilities adjusted for any lease payments made at or before the commencement date and lease incentive received. Any initial direct costs that would not have been incurred if the lease had not been obtained are added to the carrying amount of the right-of-use assets.

These right-of-use assets are subsequently depreciated using the straight-line method from the commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term.

Right-of-use assets are subsequently stated at cost less accumulated depreciation and impairment losses and presented within "Property, plant and equipment".

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2025

2. Material accounting policy information (continued)

2.16 Leases (continued)

(a) *When the Group is the lessee: (continued)*

- Lease liabilities

The initial measurement of a lease liability is measured at the present value of the lease payments that are not paid at the commencement date, discounted using the implicit rate in the lease, if the rate can be readily determined. If that rate cannot be readily determined, the Group shall use the lessee's incremental borrowing rate.

The Group generally uses the lessee's incremental borrowing rate as the discount rate. To determine the incremental borrowing rate, the Group obtains a reference rate from various external financing sources and makes certain adjustments to reflect the terms of the lease and type of the asset leased.

Lease payments include the following:

- Fixed payment (including in-substance fixed payments), less any lease incentives receivables;
- Variable lease payment that are based on an index or rate, initially measured using the index or rate as at the commencement date;
- Amount expected to be payable under residual value guarantees;
- The exercise price of a purchase option if it is reasonably certain to exercise the option; and
- Payment of penalties for terminating the lease, if the lease term reflects the Group exercising that option.

For contract that contains both lease and non-lease components, the Group allocates the consideration to each lease component on the basis of the relative stand-alone price of the lease and non-lease component. The Group has elected to not separate lease and non-lease component for property leases and account these as one single lease component.

Lease liabilities are measured at amortised cost using the effective interest method. Lease liabilities shall be remeasured when:

- There is a change in future lease payments arising from changes in an index or rate;
- There is a change in the Group's assessment of whether it will exercise an extension option; or
- There is modification in the scope or the consideration of the lease that was not part of the original term.

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2025

2. Material accounting policy information (continued)

2.16 Leases (continued)

(a) *When the Group is the lessee: (continued)*

- Lease liabilities (continued)

Lease liabilities are remeasured with a corresponding adjustment to the right-of-use asset, or is recorded in profit or loss if the carrying amount of the right-of-use asset has been reduced to zero.

- Short term leases and low value assets

The Group has elected to not recognise right-of-use assets and lease liabilities for short-term leases that have lease terms of 12 months or less and leases of low value assets. Lease payments relating to these leases are expensed to profit or loss on a straight-line basis over the lease term.

- Variable lease payments

Variable lease payments that are not based on an index or a rate are not included as part of the measurement and initial recognition of the lease liability. The Group shall recognise those lease payments in profit or loss in the periods that triggered those lease payments.

(b) *When the Group is the lessor:*

Operating lease

Leases where the Group retains substantially all risks and rewards incidental to ownership are classified as operating leases. Rental income from operating leases (net of any incentives given to the lessees) is recognised in profit or loss on a straight-line basis over the lease term.

Initial direct costs incurred by the Group in negotiating and arranging operating leases are added to the carrying amount of the leased assets and recognised as an expense in profit or loss over the lease term on the same basis as the lease income. Contingent rents are recognised as income in profit or loss when earned.

2.17 Income taxes

Current income tax for current and prior periods is recognised at the amount expected to be paid to or recovered from the tax authorities, using the tax rates and tax laws that have been enacted or substantively enacted by the end of the reporting period. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions, where appropriate, on the basis of amounts expected to be paid to the tax authorities.

Deferred income tax is recognised for all temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements except when the deferred income tax arises from the initial recognition of an asset or liability in a transaction that is not a business combination and affects neither accounting nor taxable profit or loss at the time of the transaction.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2025

2. Material accounting policy information (continued)

2.17 Income taxes (continued)

A deferred income tax liability is recognised on temporary differences arising on investments in subsidiaries, except where the Group is able to control the timing of the reversal of the temporary difference and it is probable that the temporary difference will not reverse in the foreseeable future.

A deferred income tax asset is recognised to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences and tax losses can be utilised.

Deferred income tax is measured:

- (i) at the tax rates that are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled, based on tax rates and tax laws that have been enacted or substantively enacted by the end of reporting period; and
- (ii) based on the tax consequence that will follow from the manner in which the Group expects, at the end of reporting period, to recover or settle the carrying amounts of its assets and liabilities.

Current and deferred income taxes are recognised as income or expense in profit or loss, except to the extent that the tax arises from a business combination or a transaction which is recognised directly in equity.

2.18 Inventories

Inventories are measured at the lower of cost and net realisable value. The cost of inventories is based on the first-in first-out principle, and includes expenditure incurred in acquiring the inventories, production or conversion costs, and other costs incurred in bringing them to their existing location and condition. In the case of manufactured inventories and work in progress, cost includes an appropriate share of production overheads based on normal operating capacity.

Net realisable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and estimated costs necessary to make the sale.

2.19 Provisions

Provisions are recognised when the Group has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and the amount of the obligation can be estimated reliably.

Provisions are reviewed at the end of each reporting period and adjusted to reflect the current best estimate. If it is no longer probable that an outflow of economic resources will be required to settle the obligation, the provision is reversed. If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, where appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2025

2. Material accounting policy information (continued)

2.19 Provisions (continued)

Onerous contracts

A provision for onerous contracts is recognised when the unavoidable costs of meeting the obligations under the contract exceed the expected economic benefits to be derived from the contract. The provision is measured at the present value of the lower of the expected cost of terminating the contract and the expected net cost of continuing with the contract, which is determined based on the incremental costs of fulfilling the obligation under the contract and an allocation of others costs directly related to fulfilling the contract. Before a provision is established, the Group recognises any impairment loss on the assets associated with that contract.

2.20 Employee compensation

Employee benefits are recognised as an expense, unless the cost qualifies to be capitalised as an asset.

(a) *Defined contribution plans*

Defined contribution plans are post-employment benefit plans under which the Group pays fixed contributions into separate entities such as the Central Provident Fund on a mandatory, contractual or voluntary basis. The Group has no further payment obligations once the contributions have been paid.

(b) *Employees leave entitlements*

Employee entitlements to annual leave are recognised when they accrue to employees. An accrual is made for the estimated liability for annual leave as a result of services rendered by employees up to the reporting date.

(a) *Short-term employee benefits*

Short-term employee benefit obligations are measured on an undiscounted basis and are expensed as the related service is provided. A liability is recognised for the amount expected to be paid under short-term cash bonus or profit sharing plans if the Group has a present legal or constructive obligation to pay its amount as a result of past service provided by the employee, and the obligation can be estimated reliably.

2.21 Currency translation

(a) *Functional and presentation currency*

Items included in the financial statements of each entity in the Group are measured using the currency of the primary economic environment in which the entity operates ("functional currency"). The financial statements are presented in Singapore Dollar, which is the functional currency of the Company.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2025

2. Material accounting policy information (continued)

2.21 Currency translation (continued)

(b) Transactions and balances

Transactions in a currency other than the functional currency (“foreign currency”) are translated into the functional currency using the exchange rates at the dates of the transactions. Currency exchange differences resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at the closing rates at the end of the reporting period are recognised in profit or loss.

All other foreign exchange gains and losses impacting profit or loss are presented in profit or loss within “Other operating expenses”, if any.

Non-monetary items measured at fair values in foreign currencies are translated using the exchange rates at the date when the fair values are determined.

2.22 Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the Board of Directors whose members are responsible for allocating resources and assessing performance of the operating segments.

2.23 Cash and bank balances

Cash and bank balances comprise cash at banks, on hand and short-term bank deposits which are subject to insignificant risk of changes in value.

For the purpose of presentation in the consolidated statement of cash flows, cash and cash equivalents include cash on hand and deposits with financial institutions which are subject to an insignificant risk of change in value less the portion that are pledged as securities for the banking facilities of the Group.

2.24 Share capital

Ordinary shares are classified as equity. Incremental costs directly attributable to the issuance of new ordinary shares are deducted against the share capital account.

2.25 Treasury shares

The Group’s own equity instruments, which are reacquired (treasury shares) are recognised at cost and deducted from equity. No gain or loss is recognised in profit or loss on the purchase, sale, issue or cancellation of the Group’s own equity instruments. Any difference between the carrying amount of treasury shares and the consideration received, if reissued, is recognised directly in equity. Voting rights related to treasury shares are nullified for the Group and no dividends are allocated to them respectively.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2025

2. Material accounting policy information (continued)

2.26 Earnings per share

The Group presents basic and diluted earnings per share data for its ordinary shares. Basic earnings per share is calculated by dividing the profit or loss attributable to ordinary shareholders of the Company by the weighted-average number of ordinary shares outstanding during the year, adjusted for own shares held. Diluted earnings per shares is determined by adjusting the profit or loss attributable to ordinary shareholders and the weighted-average number of ordinary shares outstanding, adjusted for own shares held, for the effects of all dilutive potential ordinary shares.

2.27 Dividend income

Dividend income is recognised when the right to receive payment is established.

3. Critical accounting estimates, assumptions and judgements

Estimates, assumptions and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

3.1 Critical judgements in applying the Group's accounting policies

Information about critical judgement in applying the Group's accounting policies, apart from those involving estimations as detailed in Note 3.2, that have the most significant effect on the amounts recognised in the financial statements is as follows:

(a) *Lease term of leasehold property*

The Group's right-of-use assets ("ROU") acquired under leasing agreements are presented together with the owned assets of the same class (Note 15). Details of such leased assets are disclosed in Note 22.

Included within ROU is a piece of leasehold land that includes an extension option for another 20 years. This lease extension is subject to the Group's completion of the proposed Addition & Alternation ("A&A") works on the leasehold land by 14 June 2024. The Group had previously obtained approval from JTC for an extension of the completion deadline to 2 May 2026.

As at reporting date, the Group is in the process of seeking further extension of the A&A completion deadline to March 2027 and has plans in place to meet the requirements before the expected deadline.

The Group applies judgement in evaluating whether it is reasonably certain that the extension option for another 20 years would remain in effect. That is, it considers all relevant factors that create an economic incentive and condition for it to exercise the extension. After the commencement date, the Group reassesses the lease term for significant event or change in circumstances that is within its control and affects its ability to exercise or not to exercise the option to extend. Management has assessed and concluded that the lease term should include the 20 years extension.

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2025

3. Critical accounting estimates, assumptions and judgements (continued)

3.1 Critical judgements in applying the Group's accounting policies (continued)

(b) *Impairment of investments in subsidiaries – Company level*

At the end of each financial year, an assessment is made on whether there are indicators that the Company's investments are impaired. The Company applies judgement in their evaluation, among other factors, the duration and extent to which the recoverable amount of an investment in subsidiary is less than its carrying amount.

The Company's carrying amount of investments in subsidiaries as at 31 December 2025 was \$18,850,000 (2024: \$18,850,000) (Note 14).

3.2 Key sources of estimation uncertainty

The key assumptions concerning the future and other key sources of estimated uncertainty at the end of the reporting periods that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial years are discussed below.

The Group based its assumptions and estimate on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future development however, may change due to market changes or circumstances arising beyond the control of the Group. Such changes are reflected in the assumption when they occur.

(a) *Revenue recognition on construction contracts*

The Group recognises contract revenue over time by reference to the Group's progress towards completing the performance obligation in the contract. The measurement of the progress is determined by reference to either surveys of work performed (output method), or the cost incurred to date relative to total estimated cost (input method) depending on which method commensurate with the pattern of transfer of control to the customer.

For input method, significant judgements are used to estimate the total contract costs to complete and total contract consideration. In making these estimates, management has relied on the expertise of the project directors/managers to determine the progress of the construction and also on past experience of completed projects.

For output method, the recognition of construction revenue and costs requires significant management assumptions, judgements and estimates in determining the measure of progress for the survey of work performed and determining the total contract costs to complete, which were used to determine the provision for onerous contracts and when it is probable that the total contract costs would exceed the total contract revenue and remaining costs. In addition, significant judgements and estimates are required to determine the likelihood of the approvals of the contract modifications by the customers and the final approved amounts.

The carrying amounts of contract assets and contract liabilities arising from construction contracts and facilities management at the end of the reporting period were \$36,207,000 and \$nil (2024: \$31,991,000 and \$nil) respectively.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2025

3. Critical accounting estimates, assumptions and judgements (continued)

3.2 Key sources of estimation uncertainty (continued)

(b) Provisions for onerous contracts and other liabilities

The provisions recognised represent management's best estimate of the expected future costs required. Significant estimates and assumptions are made in determining the provisions. Those estimates and assumptions deal with uncertainties such as changes to timing, extent and costs required. These uncertainties may result in future actual expenditure differing from the amounts currently provided. The provisions recognised are periodically reviewed by management and updated based on the facts and circumstances available at that time. Changes to the estimated future costs are recognised in the statements of financial position and consolidated statement of profit or loss with appropriate adjustment to the provision.

Management has assessed and is of the view that the provisions of \$117,000 (2024: nil) and \$653,000 (2024: \$1,115,000) are required for onerous contracts and other liabilities respectively for the current financial year.

(c) Provision for expected credit losses ("ECLs") of trade receivables and contract assets

The Group uses a provision matrix to calculate ECLs for trade receivables and contract assets. The provision rates are based on days past due for groupings of various customer segments that have similar loss patterns.

The provision matrix is initially based on the Group's historical observed default rates. The Group will calibrate the matrix to adjust historical credit loss experience with forward-looking information. At every reporting date, historical default rates are updated and changes in the forward-looking estimates are analysed.

The assessment of the correlation between historical observed default rates, forecast economic conditions and ECLs is a significant estimate. The amount of ECLs is sensitive to changes in circumstances and of forecast economic conditions. The Group's historical credit loss experience and forecast of economic conditions may also not be representative of the customer's actual default in the future. The information about the ECLs on the Group's trade receivables and contract assets is disclosed in Note 24(b).

The carrying amounts of trade receivables and contract assets at the end of the reporting period were \$19,850,000 (2024: \$2,152,000) and \$36,207,000 (2024: \$31,991,000) respectively.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2025

3. Critical accounting estimates, assumptions and judgements (continued)

3.2 Key sources of estimation uncertainty (continued)

(d) Carrying value of leasehold property

The Group carries its leasehold property at revalued amount less accumulated depreciation and any accumulated impairment losses, with an asset re-valuation exercise carried out at least once every three years to ensure the carrying amount does not differ materially from the fair value of the leasehold property at the end of the reporting period.

A valuation exercise was carried out in the financial year ended 31 December 2024, in which the fair value of leasehold property was determined by independent real estate valuation experts using the direct comparison method.

The determination of the fair values of the leasehold property requires the use of both judgement and estimation. Management's assessment focuses primarily on prevailing local market conditions for similar categories of leasehold properties, including observations of movements in the JTC industrial property index, to evaluate whether the carrying amount differs materially from fair value at the reporting date. Management has assessed no significant change in fair value at reporting date and no revaluation exercise was performed as at 31 December 2025.

The carrying amount of the Group's leasehold property at the end of the reporting period is disclosed in Note 15 to the financial statements.

4. Revenue

The Group derives its revenue from the transfer of goods and services over time and at a point in time in the following major product lines. This is consistent with the revenue information that is disclosed for each reportable segment under SFRS(I) 8 (see Note 26).

A disaggregation of the Group's revenue for the year is as follows:

8. Income tax (continued)

At 31 December 2025, the Group has unutilised tax losses of \$4,083,000 (2024: \$4,542,000) and unutilised capital allowance of \$82,000 (2024: nil) available for set off against future taxable income subject to compliance with relevant tax legislation and agreement with the tax authorities. The deferred tax assets have not been recognised because it is not probable that future taxable profit will be available against which the Group can use the benefits therefrom.

Basic earnings per share is calculated by dividing the net profit attributable to equity holders of the Group by the weighted average number of ordinary shares outstanding (excluding treasury shares which has no voting rights) during the financial year.

For the purpose of calculating diluted earnings per share, profit attributable to equity holders of the Group and the weighted average number of ordinary shares outstanding are adjusted for the effects of all dilutive potential ordinary shares. There are no potential dilutive ordinary shares as at 31 December 2025 and 31 December 2024.

15. Property, plant and equipment (continued)

- (a) Right-of-use assets acquired under leasing arrangements are presented together with the owned assets of the same class. Details of such leased assets are disclosed in Note 22(a).

In year 2021, the Group renegotiated with JTC Corporation ("JTC") and modified an existing lease contract for leasehold land by extending the lease period for another 20 years. As the extension is not part of the terms and conditions of the original lease contract, it is accounted for as a lease modification with an additional to the right-of-use assets, classified under "Property, plant and equipment".

In accordance with the lease agreement with JTC, the lease period extension on leasehold land is subject to the completion of the proposed Addition & Alteration ("A&A") works on the leasehold land. The Group had previously obtained approval from JTC for an extension of the construction of A&A works and the building to 2 May 2026. As at reporting date, the A&A works are in progress and the Group is in the process of seeking further extension of the completion deadline to March 2027 and has plans in place to meet the requirements before the expected deadline.

- (b) Leasehold property is initially recognised at cost and subsequently measured using the revaluation model in year 2021 and 2024. In 2024, a valuation exercise was carried out with the market value of \$6.8 million being determined.

The valuation was performed by Knight Frank Pte Ltd, an independent valuer with recognised and relevant professional qualification and with recent experience in the location and category of the property being valued. The valuation is based on the information available as at the date of valuation and values may change significantly and unexpectedly over a short period of time. Details of valuation techniques and inputs used are disclosed in Note 24(e).

Management has assessed no significant change in fair value at reporting date, and no revaluation exercise was performed as at 31 December 2025.

- (c) As at 31 December 2025, the Group has right-of-use assets acquired under leases with an aggregate carrying amount of \$879,000 (2024: \$1,020,000). Motor vehicles with carrying amount of \$80,000 (2024: \$nil) were acquired under bank borrowing.

Accruals for operating expenses include costs accrued for projects of \$18,754,000 (2024: \$2,348,000) at the end of the reporting period.

Trust receipt bears interest of 2.94% to 5.20% (2024: 5.0%) per annum and is settled within 150 days (2024: 120 days).

Bills payable is repayable approximate 2 months from the date the bill is first issued. The carrying amount of the bills payable approximate their fair values due to their short-term maturity. Bills payable bears commission charges at 1/8% per month.

Both trust receipt and the bills payable are secured by a corporate guarantee provided by the Company to banks, charges on fixed deposits of the subsidiary placed with the banks and an assignment of project proceeds. The bank facilities, with exception of bills payables, are floating rate debt instruments.

Loan from a related party (non-trade) and a director (non-trade) are interest-bearing at rates ranging from 2.98% per annum to 4.80% per annum (2024: 4.65% per annum to 5.65% per annum), unsecured and repayable within 12 months or when the Company's cash flows permit.

Bank borrowings comprised revolving credit facility of \$1,000,000 (2024: \$4,000,000) that was disbursed to finance the construction works for projects. The revolving credit facility bears interest of 2.98% per annum – 4.80% per annum (2024: 4.65% per annum – 5.65% per annum) and is repayable within the next 12 months.

Bank borrowings also comprised of \$80,000 (2024: nil) to finance a purchase of motor vehicle during the financial year. The hire purchase facility for purchase of motor vehicle is repayable monthly over 6.5 years.

Including the revolving credit facility, the Group has banking facilities up to \$30,570,000 (2024: \$17,570,000). \$11,834,000 (2024: \$5,484,000) has been utilised by the Group as at reporting date (Note 16 and Note 18).

The banking facilities are secured by a first legal mortgage on the leasehold property of the subsidiary as disclosed in Note 15 to the financial statements, assignment of projects' proceeds, corporate guarantees provided by the Company and charges on fixed deposits of a subsidiary placed with the banks.

In addition, the Company has also issued corporate guarantees amounting to \$18,290,000 (2024: \$26,500,000) to insurance companies on performance bonds relating to various projects of the subsidiary.

The Company has evaluated both the fair values of the corporate guarantees and the consequential liabilities derived from its guarantees to the banks/financial institutions with regard to the subsidiary and are of the opinion that they are minimal. The subsidiary for which the guarantees were provided is in favourable equity position and has sufficient financial capabilities to meet its contractual cash flows obligation in the near future, with no history of default in the payment of borrowings and credit facilities.

(d) Total cash outflow

The Group had total cash outflows for leases of \$172,000 (2024: \$226,000) in 2025.

(e) Extension options

The office lease contains extension option exercisable by the Group up to 2 years after the end of the non-cancellable contract period. This extension option is exercisable by the Group and not by the lessor. The extension option is used by the Group to provide operation flexibility in terms of managing the assets used in the Group's operation. The Group assess at the lease commencement date whether it is reasonably certain to exercise the extension options. The Group reassesses whether it is reasonably certain to exercise the option if there is a significant event or significant changes in circumstances within its control.

The Group has estimated that the potential future (undiscounted) lease payments, should it exercise the extension option, to be \$252,000.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2025

24 Financial risk management

Financial risk factors

The Group's activities expose it to market risk (including currency risk, price risk and interest rate risk), credit risk, liquidity risk and capital risk. The Group's overall risk management strategy seeks to minimise any adverse effects from the unpredictability of financial markets on the Group's financial performance.

The Board of Directors has overall responsibility for the establishment and oversight of the Group's risk management framework. The Group's risk management policies seek to ensure that adequate financial resources are available for the Group's business whilst managing its market risk, credit risk, liquidity risk and capital risk. There has been no change to the Group's exposures to these financial risks or the manner in which it manages and measures the risk.

(a) Market risk

(i) Currency risk

Foreign currency risk arises from transactions denominated in currencies other than the functional currency of the Group and Company. The Group's and the Company's business operations are not exposed to significant foreign currency risks as it has no significant transactions denominated in foreign currencies.

(ii) Price risk

The Group and Company is exposed to equity price risk arising from its investments in quoted equity securities. These securities are quoted on the Singapore Exchange Securities Trading Limited and are classified as investment securities. To manage its price risk arising from its investments in equity securities, the Group and Company diversifies its portfolio, where appropriate.

If prices for equity securities changed by 10% (2024: 10%) with all other variables including tax rate being held constant, the effects on profit after tax and other comprehensive income is not expected to be significant.

(iii) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of the Group and Company's financial instruments will fluctuate because of changes in market interest rates. The Group's exposure to interest rate risk arises primarily from its variable interest rate instruments such as bank borrowings, loan from a director and a related party and trust receipt.

Interest rate risk is managed by the Group on an ongoing basis with the primary objective of limiting the extent to which interest expense could be affected by an adverse movement in interest rates.

At the reporting date, if the interest rates had been 75 (2024: 75) basis points higher/lower with all other variables held constant, the Group's profit before tax would have been \$107,000 (2024: \$87,000) lower/higher arising mainly as a result of higher/lower interest expenses on floating rate borrowings. The assumed movement in basis points for interest rate sensitivity analysis is based on the currently observable market environment. The Company is not exposed to significant interest rate risk as it does not hold any variable interest-bearing financial instruments.

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2025

24 Financial risk management (continued)

Financial risk factors (continued)

(b) Credit risk

Credit risk refers to the risk that counterparty will default on its contractual obligations resulting in financial loss to the Group. The major classes of financial assets of the Group and of the Company are cash and bank balances, trade and other receivables and contract assets. For trade and other receivables and contract assets, the Group adopts the policy of dealing only with customers and counterparties of appropriate credit history to mitigate credit risk. Cash and bank balances are held with financial institutions which have high credit ratings.

The Group manages credit risk by monitoring credit-worthiness and limiting the aggregate risk to any individual counterparty.

The Group and the Company do not hold any collateral from its customers. The maximum exposure to credit risk for each class of financial instruments is the carrying amount of that class of financial instruments presented on the statement of financial position.

The Group considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an ongoing basis throughout each reporting period.

The Group has determined the default event on a financial asset to be when the counterparty fails to make contractual payments, within 60 days (2024: 60 days) when they fall due, which are derived based on the Group's historical information.

The Group considers "low risk" to be an investment grade credit rating with at least one major rating agency for those investments with credit rating. To assess whether there is a significant increase in credit risk, the Group compares the risk of a default occurring on the asset as at reporting date with the risk of default as at the date of initial recognition. The Group considers available reasonable and supportive forwarding-looking information which includes the following indicators:

- Internal credit rating
- External credit rating
- Actual or expected significant adverse changes in business, financial or economic conditions that are expected to cause a significant change to the debtor's ability to meet its obligations
- Actual or expected significant changes in the operating results of the debtor
- Significant increases in credit risk on other financial instruments of the same debtor
- Significant changes in the expected performance and behaviour of the debtor, including changes in the payment status of debtors in the Group and changes in the operating results of the debtor.

Regardless of the analysis above, a significant increase in credit risk is presumed if a debtor is more than 30 days past due in making contractual payment.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2025

24 Financial risk management (continued)

Financial risk factors (continued)

(b) Credit risk (continued)

The Group determined that its financial assets are credit-impaired when:

- There is significant difficulty of the debtor
- A breach of contract, such as a default or past due event
- It is becoming probable that the debtor will enter bankruptcy or other financial reorganisation
- Is a disappearance of an active market for that financial asset because of financial difficulty

The Group categorises a loan or receivable for potential write-off when a debtor fails to make contractual payments more than 120 days past due. Financial assets are written off when there is no reasonable expectation of recovery, such as a debtor failing to engage in a repayment plan with the Group. Where loans and receivables have been written off, the Group continues to engage enforcement activity to attempt to recover the receivable due. Where recoveries are made, these are recognised in profit or loss.

The Group's current credit risk grading framework comprises the following categories:

Category	Definition of category	Basis for recognising expected credit loss (ECL)
I	Counterparty has a low risk of default and does not have any past-due amounts.	12-month ECL
II	Amount is >30 days past due or there has been a significant increase in credit risk since initial recognition.	Lifetime ECL – not credit-impaired
III	Amount is >60 days past due or there is evidence indicating the asset is credit-impaired (in default).	Lifetime ECL – credit-impaired
IV	There is evidence indicating that the debtor is in severe financial difficulty and the debtor has no realistic prospect of recovery.	Amount is written off

Trade receivables and contract assets (Note 1)

The Group and Company use a provision matrix to measure the lifetime expected credit loss allowance for trade receivables and contract assets.

In measuring the expected credit losses, trade receivables and contract assets are grouped based on shared credit risk characteristics and days past due. The contract assets relate to unbilled work in progress, which have substantially the same risk characteristics as the trade receivables for the same type of contracts. The Group has therefore concluded that the expected loss rates for trade receivables are a reasonable approximation of the loss rates for the contract assets.

Other receivables and refundable deposits

The Group and Company assessed the latest performance and financial position of the counterparties, adjusted for the future outlook of the industry in which the counterparties operate in, and concluded that there has been no significant increase in the credit risk since the initial recognition of the financial assets. Accordingly, the Group and Company measured the impairment loss allowance using 12-month expected credit loss basis and determined that the amount of allowance on other receivables and refundable deposit is negligible.

Cash and bank balances

The Group and Company mitigates its credit risks by transacting only with counterparties who have high credit ratings determined by international credit-rating agencies. Therefore, allowance for expected credit loss is negligible.

Credit risk concentration profile

The trade receivables of the Group comprise two debtors (2024: two debtors) that contributed 98% (2024: 57%) of trade receivables. All customers are located in Singapore.

(d) Capital risk

The Group's and Company's objectives when managing capital are to safeguard the Group's and Company's ability to continue as a going concern and to maintain an optimal capital structure so as to maximise shareholder value. The capital structure of the Group and Company comprises issued share capital and retained profits. In order to maintain or achieve an optimal capital structure, the Group and Company may adjust the amount of dividend payment, return capital to shareholders, issue new shares, buy back issued shares, obtain borrowings or sell assets to increase the working capital. No changes were made in the objectives, policies or procedures during the financial years ended 31 December 2025 and 31 December 2024.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2025

24 Financial risk management (continued)

Financial risk factors (continued)

(d) Capital risk (continued)

Management monitors capital based on the financial position of the Group and Company. The Group and Company has positive net assets and maintain low bank borrowings and leases. Future decisions to raise capital and funds will be made with the objective to maintain positive working capital structure.

The Group and the Company have no externally imposed capital requirements for the financial years ended 31 December 2025 and 2024 except for certain financial covenants as stipulated by its bankers in respect of banking facilities granted to the Group. The Group's overall strategy remains unchanged from 2024.

(e) Fair value measurements

The following table presents assets and liabilities measured and carried at fair values and classified by level of the following fair value measure hierarchy:

- Level 1 – Quoted prices (unadjusted) in active market for identical assets or liabilities that the Company can access at the measurement date,
- Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, and
- Level 3 – Unobservable inputs for the asset or liability.

Except as disclosed in the respective notes, the carrying amounts of the financial assets and financial liabilities including cash and bank balances, trade and other receivables and trade and other payables, not measured at fair value and with maturity less than one year approximate their respective fair values due to the relative short-term maturity of these financial instruments.

The carrying amount of trade and other receivables and bank borrowings with maturity more than one year is expected to approximate to their respective fair value as the prevailing interest rates approximate market interest rates.

 - (c) any subsequent bonus issue, consolidation or subdivision of Shares;

Adjustments in accordance with sub paragraphs 6(2)(a) or 6(2)(b) are only to be made in respect of new Shares arising from convertible securities, share options or share awards which were issued and outstanding or subsisting at the time of the passing of the resolution approving the mandate.

- (3) in exercising the authority conferred by this Resolution, the Company shall comply with the provisions of the Catalist Rules for the time being in force (unless such compliance has been waived by the SGX-ST), and all applicable legal requirements under the Companies Act and the Constitution for the time being of the Company; and
- (4) the authority conferred by this Resolution shall, unless revoked or varied by the Company in general meeting, continue in force until the conclusion of the Company's next AGM or the date by which the next AGM of the Company is required by law to be held, whichever is earlier.

[See Explanatory Note (4)]

(Resolution 7)

NOTICE OF ANNUAL GENERAL MEETING

6. Proposed Renewal of Share Buyback Mandate

THAT:

- (a) for the purposes of Sections 76C and 76E of the Companies Act, the exercise by the Directors of the Company of all the powers of the Company to purchase or otherwise acquire ordinary shares in the capital of the Company ("**Shares**"), not exceeding in aggregate the Maximum Limit (as hereinafter defined), at such price or price(s) as may be determined by the Directors of the Company from time to time up to the Maximum Price (as hereinafter defined), and such purchases and acquisitions of the Shares may be effected by way of:-
- (i) On-Market purchases transacted on the SGX-ST's through the ready market trading system or, as the case may be, any other securities exchange on which the Shares may for the time being be listed and quoted, and which may be transacted through one or more duly licensed stockbrokers appointed by the Company for the purpose of purchasing or acquiring the Shares ("**Market Purchases**"); and/or
 - (ii) Off-market purchases (if effected otherwise than on the SGX-ST or any other securities exchange) in accordance with an equal access scheme(s), as may be determined or formulated by the Directors of the Company as they consider fit, which scheme(s) shall satisfy all the conditions prescribed by the Companies Act and the Catalist Rules ("**Off-Market Purchases**");

and otherwise in accordance with all other laws and regulations, including but not limited to, the provisions of the Companies Act, the Constitution of the Company and the Catalist Rules as may for the time being, be applicable, be and is hereby authorised and approved generally and unconditionally ("**Share Buyback Mandate**");

- (b) any Share that is purchased or otherwise acquired by the Company pursuant to the Share Buyback Mandate shall, at the discretion of the Directors of the Company, either be cancelled or held in treasury and dealt with in accordance with the Companies Act;
- (c) unless varied or revoked by the Company in general meeting, the authority conferred on the Directors of the Company pursuant to the Share Buyback Mandate may be exercised by the Directors at any time and from time to time during the Relevant Period (as hereinafter defined) and expiring on the earliest of:
- (i) the date on which the next AGM is held or required by law to be held;
 - (ii) the date on which the Share Buybacks are carried out to the full extent mandated; or
 - (iii) the date on which the authority conferred by the Share Buyback Mandate is varied or revoked by the Shareholders in a general meeting.
- (d) for the purposes of this Resolution:

"**Average Closing Price**" means the average of the closing market prices of a Share over the last five (5) days on which the SGX-ST is open for trading in securities ("**Market Days**") and which transactions in the Shares were recorded, immediately preceding the day of the Market Purchase, or as the case may be, the Day of the Making of the offer pursuant to the Off-Market Purchase, and deemed to be adjusted for any corporate action that occurs during the relevant five-day period and the day on which the purchases are made;

NOTICE OF ANNUAL GENERAL MEETING

“Day of the Making of the offer” means the day on which the Company announces its intention to make an offer for the purchase of Shares from Shareholders pursuant to the Off-Market Purchase, stating the purchase price (which shall not be more than the Maximum Price for an Off-Market Purchase calculated on the foregoing basis) for each Share and the relevant terms of the equal access scheme for effecting the Off-Market Purchase; and

“Maximum Limit” means ten percent (10%) of the total issued Shares of the Company as at the date of the passing of this ordinary resolution, unless the Company has effected a reduction of the share capital of the Company (other than a reduction by virtue of a share buyback) in accordance with the applicable provisions of the Companies Act, at any time during the Relevant Period (as hereinafter defined) in which event the issued Shares of the Company shall be taken to be the total number of the issued Shares as altered by such capital reduction (the total number of Shares shall exclude any Shares that may be held as treasury shares by the Company from time to time);

“Maximum Price” in relation to a Share to be purchased or acquired, means the purchase price (excluding relevant brokerage, commission, stamp duties, applicable goods and services tax and other related expenses) which shall not exceed: (i) in the case of a Market Purchase, 105% of the Average Closing Price of the Shares; and (ii) in the case of an Off-Market Purchase, pursuant to an equal access scheme, 120% of the Average Closing Price of the Shares; and

“Relevant Period” means the period commencing from the date of passing this ordinary resolution and expiring on the earliest of the date on which the next AGM of the Company is held or required by law to be held, the date on which the Share Buybacks are carried out to the full extent of the Share Buyback Mandate or date the Share Buyback Mandate is revoked or varied by the Shareholders in a general meeting;

- (e) the number of Shares which may in aggregate be purchased or acquired by the Company during the Relevant Period shall be subject to the Maximum Limit;
- (f) the Directors of the Company and/or any of them be and are hereby authorised to deal with the Shares purchased by the Company, pursuant to the Share Buyback Mandate in any manner as they think fit, which is permitted under the Companies Act; and
- (g) the Directors of the Company and/or any of them be and are hereby authorised, empowered to complete and do and execute all such things and acts (including without limitation, to execute all such documents as may be required and to approve any amendments, alterations or modifications to any documents), as they and/or he may consider desirable, expedient or necessary to give effect to the transactions contemplated by this ordinary resolution.

NOTICE OF ANNUAL GENERAL MEETING

Explanatory Notes

- (1) Mr. Foo Suay Wei (“**Mr. Foo**”) will, upon re-election as a Director of the Company, remain as the Managing Director and CEO of the Company and a member of the Nominating Committee. Mr. Foo is the brother of Mr. Foo Suay Lun, who is also an Executive Director and Substantial Shareholder of the Company, holding 26.05% of the Shares through Salix Capital Pte Ltd. The detailed information of Mr. Foo required pursuant to Rule 720(5) of the Catalist Rules can be found on pages 33 to 39 of the Company’s annual report for the financial year ended 31 December 2025.
- (2) Mr. Ong Kai Hoe (“**Mr. Ong**”) will, upon re-election as a Director of the Company, remain as an Independent Non-Executive Director, the Chairman of the Remuneration Committee and a member of the Audit Committee and Nominating Committee. The Board considers Mr. Ong to be independent for the purpose of Rule 704(7) of the Catalist Rules. The detailed information of Mr. Ong required pursuant to Rule 720(5) of the Catalist Rules can be found on pages 33 to 39 of the Company’s annual report for the financial year ended 31 December 2025.
- (3) Mr. Lai Kuan Loong, Victor (“**Mr. Lai**”) will, upon re-election as a director of the Company, remain as an Independent Non-Executive Chairman, the Chairman of the Audit Committee and a member of the Remuneration Committee. The Board considers Mr. Lai to be independent for the purpose of Rule 704(7) of the Catalist Rules. The detailed information of Mr. Lai required pursuant to Rule 720(5) of the Catalist Rules can be found on pages 33 to 39 of the Company’s annual report for the financial year ended 31 December 2025.
- (4) Ordinary Resolution 7 above, if passed, will empower the Directors of the Company from the date of this AGM until the date of the next AGM of the Company, or the date by which the next AGM of the Company is required by law to be held or such authority is varied or revoked by the Company in a general meeting, whichever is the earlier, to allot and issue ordinary Shares, make or grant Instruments convertible into Shares and to issue Shares pursuant to such Instruments. The aggregate number of Shares (including Shares to be made in pursuance of Instruments made or granted pursuant to this Resolution) which the Directors may allot and issue, shall not exceed, in total, one hundred percent (100%) of the total number of issued Shares (excluding treasury shares and subsidiary holdings), of which the total number of Shares issued other than on a pro rata basis to existing shareholders of the Company, shall not exceed fifty percent (50%) of the total number of issued Shares (excluding treasury shares and subsidiary holdings).

For determining the aggregate number of Shares that may be issued, the percentage of total issued Shares will be calculated based on the total number of issued Shares (excluding treasury shares and subsidiary holdings) at the time Resolution 7 is passed after adjusting for new Shares arising from the conversion or exercise of any convertible securities, the exercise of share options or vesting of share awards outstanding or subsisting at the time when Resolution 7 is passed and any subsequent consolidation or subdivision of Shares.

Notes relating to conduct of AGM:

1. The AGM of the Company will be held, in a wholly physical format, at Lifelong Learning Institute, Room 07-01 (Lift Lobby A) at 11 Eunos Road 8, Singapore 408601 on Monday, 27 April 2026 at 3.00 p.m. (Singapore time). Shareholders, including Central Provident Fund (“**CPF**”) and Supplementary Retirement Scheme (“**SRS**”) investors, and (where applicable) duly appointed proxies and representatives will be able to ask questions and vote at the AGM by attending the AGM in person. **There will be no option for the members to participate virtually.**
2. Please bring along your NRIC/passport so as to enable the Company to verify your identity.

Printed copies of this Notice of AGM and the accompanying Proxy Form and the Request Form for members to request a printed copy of the Annual Report (“**Request Form**”) will be sent by post to members. These documents will also be published on the Company’s website at the <https://koyotech.com/annual-reports/> and the SGX website at the <https://www.sgx.com/securities/company-announcements>.

Voting by proxy

3. A member who is unable to attend the AGM and wishes to appoint proxy(ies) to attend, speak and vote at the AGM on his/her/their behalf should complete, sign and return the instrument of proxy in accordance with the instructions printed thereon.
4. A proxy need not to be a member of the Company.
5. In relation to the appointment of proxy(ies) to attend, speak and vote on his/her/their behalf at the AGM, a member (whether individual or corporate) appointing his/her/their proxy(ies) should give specific instructions as to his/her/their manner of voting, or abstentions from voting, in respect of a resolution in the instrument of proxy. If no specific instruction as to voting are given, or in the event of any other matter arising at the AGM and at any adjournment thereof, the proxy(ies) will vote or abstain from voting at his/her/their discretion.

NOTICE OF ANNUAL GENERAL MEETING

6. The instrument appointing a proxy or proxies must be under the hand of the appointor or of his attorney duly authorised in writing. Where the instrument appointing a proxy or proxies is executed by a corporation, it must be executed either under its seal, executed as a deed in accordance with the Companies Act or under the hand of an attorney or an officer duly authorised, or in some other manner approved by the Directors. Where the instrument appointing a proxy or proxies is executed by an attorney on behalf of the appointor, the letter or power of attorney or a duly certified copy thereof must be lodged with the instrument of proxy.
7. The instrument appointing a proxy, together with the letter or power of attorney or other authority under which it is signed or a duly certified copy thereof (if applicable), must be submitted either:
 - (a) if sent personally or by post, the proxy form must be lodged at the Company's registered office at 33 Ubi Avenue 3, #02-16, Singapore 408868; or
 - (b) if by email, the proxy form must be received at mail@koyointernational.com;

in either case, **by no later than 24 April 2026, 3.00 p.m., being at least seventy-two (72) hours before the time appointed for holding the AGM.**

A member who wishes to submit an instrument of proxy must first download, complete and sign the proxy form, before submitting it by post to the address provided above, or before scanning and sending it by email to the email address provided above.

8. A member can appoint the Chairman of the AGM as his/her/their proxy, but this is not mandatory.
 - (a) A member who is not a relevant intermediary* is entitled to appoint not more than two (2) proxies to attend, speak and vote at the AGM. Where such member appoints two (2) proxies, he/she/they should specify the proportion of his/her/their shareholding (expressed as a percentage of the whole) to be presented by each proxy in the instrument appointing a proxy or proxies.
 - (b) A member who is a relevant intermediary* is entitled to appoint more than two (2) proxies to attend, speak and vote at the AGM, but each proxy must be appointed to exercise the rights attached to a different share or shares held by such member. Where such member appoints more than two (2) proxies, the number and class of shares in relation to which each proxy has been appointed shall be specified in the instrument appointing a proxy or proxies.

*“**Relevant Intermediary**” has the meaning ascribed to it in Section 181 of the Companies Act.

- (a) a banking corporation licensed under the Banking Act 1970 of Singapore or a wholly-owned subsidiary of such a banking corporation, whose business includes the provision of nominee services and who holds shares in that capacity; or
 - (b) a person holding a capital markets services licence to provide custodial services for securities under the Securities and Futures Act 2001 of Singapore and who holds shares in that capacity; or
 - (c) the Central Provident Fund Board established by the Central Provident Fund Act 1953 of Singapore, in respect of shares purchased under the subsidiary legislation made under that Act providing for the making of investments from the contributions and interest standing to the credit of members of the Central Provident Fund, if the Board holds those shares in the capacity of an intermediary pursuant to or in accordance with that subsidiary legislation.
9. For investors who holds shares under the SRS/CPF Investor Schemes and wishes to vote, should approach their respective SRS/CPF Operators to submit their votes, at least seven (7) working days (by 16 April 2026 at 3.00 p.m.) before the AGM. CPF/SRS Investors should contact their respective SRS Operators/CPF Agent Banks for any queries they may have with regard to the appointment of proxy for the AGM.
10. The Company shall be entitled to reject the instrument appointing a proxy or proxies if it is incomplete, improperly completed or illegible, or where the true intentions of the appointor are not ascertainable from the instructions of the appointor specified in the instrument.

NOTICE OF ANNUAL GENERAL MEETING

Submission of questions prior to the AGM

11. Substantial and relevant questions related to the agenda of the AGM may be submitted in advance in the following manner:
- (a) by email to mail@koyointernational.com; or
 - (b) in physical copy by depositing the same at the registered office of the Company at 33 Ubi Avenue 3 #02-16 Singapore 408868.

Shareholders submitting questions are required to state: (a) their full name; (b) their identification/registration number, and (c) the manner in which his/her/their shares in the Company are held (e.g. via CDP, CPF, SRS and/or scrip), failing which the Company shall be entitled to regard the submission as invalid and not respond to the questions submitted.

Members are encouraged to submit their questions on or before 17 April 2026, as this will allow the Company sufficient time to address and respond to these questions on or before 22 April 2026 (not less than 48 hours prior to the closing date and time for the lodgement of the proxy forms). The responses will be published on SGXNet and the Company's corporate website. Where substantial and relevant questions submitted by members are unable to be addressed prior to the AGM, including any questions received by the Company after 17 April 2026, the Company will address them during the AGM.

12. The Directors will endeavour to address as many substantial and relevant questions as possible during the AGM. However, members should note that there may not be sufficient time available at the AGM to address all questions raised. Please note that individual responses will not be sent to members. The minutes of the AGM will be published on SGXNet within one (1) month after the date of the AGM.

To: **The Shareholders of Koyo International Limited**

Dear Sir/Madam

1. INTRODUCTION

- 1.1 Reference is made to the notice of annual general meeting ("**AGM**") dated 10 April 2026 ("**Notice of AGM**") of Koyo International Limited ("**Company**") convening the AGM of the Company to be held on 27 April 2026 at 3.00 p.m. at Lifelong Learning Institute, Room 07-01 (Lift Lobby A) at 11 Eunos Road 8, Singapore 408601. The Notice of AGM is made available to Shareholders on the same date hereof via SGXNET and may also be accessed via the Company's website at <http://www.koyotech.com/annual-reports/>.
- 1.2 The proposed Resolution 6 in the Notice of AGM to Shareholders relates to the proposed renewal of the share buyback mandate ("**Share Buyback Mandate**"), which was previously approved by shareholders of the Company ("**Shareholders**") at the AGM held on 25 April 2025, to authorise the directors of the Company ("**Directors**") to purchase or otherwise acquire issued ordinary shares in the capital of the Company ("**Shares**") on the terms of the Share Buyback Mandate. The authority conferred by the Share Buyback Mandate will expire on 27 April 2026, being the date of the forthcoming AGM.
- 1.3 The purpose of this Appendix is to provide Shareholders with relevant information relating to the proposed renewal of the Share Buyback Mandate and to seek their approval for the resolution in respect thereof to be tabled at the AGM.

2. PROPOSED RENEWAL OF THE SHARE BUYBACK MANDATE

2.1 Background

The Directors propose to table for Shareholders' consideration and approval, the renewal of the Share Buyback Mandate at the forthcoming AGM to be held on 27 April 2026.

Shareholders' approval is thus being sought at the AGM for the renewal of the Share Buyback Mandate for the purchase or acquisition by the Company of its issued Shares ("**Share Buyback(s)**"). If the ordinary resolution relating to the renewal of the Share Buyback Mandate is passed by Shareholders at the forthcoming AGM, the Share Buyback Mandate will take effect from the date of the AGM at which the renewal of the Share Buyback Mandate is approved by the Shareholders and it will remain in force until the earliest of (i) the date on which the next AGM of the Company is held or required by law to be held; (ii) the date on which the Share Buybacks are carried out to the full extent mandated by the Share Buyback Mandate; or (iii) the date the Share Buyback Mandate is revoked or varied by the Shareholders in a general meeting ("**Relevant Period**").

APPENDIX DATED 10 APRIL 2026

Any Share Buyback by the Company will have to be made in accordance with, and in the manner prescribed by, the Companies Act 1967 of Singapore ("**Companies Act**"), the Constitution of the Company, the Listing Manual Section B: Rules of Catalist of the Singapore Exchange Securities Trading Limited ("**SGX-ST**") ("**Catalist Rules**"), and such other laws and regulations as may for the time being be applicable.

2.2 Rationale

The rationale for the Company to undertake the purchase or acquisition of its issued Shares up to a ten per cent (10%) limit described in section 2.3.1 below, at any time, subject to market conditions, during the period that the Share Buyback Mandate is in force ("**Share Buyback**") is as follows:

- (a) It is a principal mission of the Directors to constantly seek to increase Shareholders' value and to improve, *inter alia*, the return on equity of the Company and its subsidiaries (the "**Group**"). A Share Buyback at the appropriate price level is one of the ways through which the return on equity of the Group may be enhanced; and
- (b) Share Buybacks provide the Company with a mechanism to facilitate the return of surplus cash over and above its ordinary capital requirements in an expedient, effective and cost-efficient manner. It will also provide the Directors with greater flexibility over the Company's share capital structure with a view to enhancing the earnings and/or net tangible asset value per Share. The Directors further believe that Share Buybacks by the Company will help mitigate short-term market volatility, offset the effects of short-term speculation and bolster Shareholder confidence.

If and when circumstances permit, the Directors will decide whether to effect the Share Buybacks via Market Purchases or Off-Market Purchases (as respectively defined under sections 2.3.4 (a) and (b) below), after taking into account the amount of surplus cash available, the prevailing market conditions and the most cost-effective and efficient approach. The Directors do not propose to carry out purchases pursuant to the Share Buyback Mandate to such an extent that would, or in circumstances that might, result in a material adverse effect on the financial position of the Group.

The Directors will only carry out a Share Buyback as and when the circumstances permit and only if the Directors are of the view that such purchases are in the best interests of the Company and the Shareholders. The Directors will decide whether to purchase shares only after taking into account, among other things, the market conditions at such time, the Company's financial condition and whether such purchases will cause the Company to become insolvent, and whether such purchases represent the most efficient and cost-effective approach to enhance Shareholders' value.

Share purchases will only be made if the Directors believe that such purchases are likely to benefit the Company and increase economic value for Shareholders.

APPENDIX DATED 10 APRIL 2026

2.3 Authority and Limits on the Share Buyback Mandate

The authority and limitations placed on purchases or acquisitions of Shares by the Company under the Share Buyback Mandate, if renewed at the AGM, are as follows:

2.3.1 Maximum Number of Shares

Only Shares which are issued and fully paid-up may be purchased or acquired by the Company.

The total number of Shares that may be purchased or acquired by the Company is limited to that number of Shares representing not more than ten per cent (10%) of the total number of issued Shares (excluding treasury shares and subsidiary holdings) as at the date of the AGM at which the renewal of the Share Buyback Mandate is approved ("**Approval Date**") unless the Company has, at any time during the Relevant Period, effected a reduction of its share capital in accordance with the applicable provisions of the Companies Act, as amended or modified from time to time in which event the total number of issued Shares of the Company shall be taken to be the total number of the issued Shares as altered (excluding treasury shares and subsidiary holdings). For the purposes of calculating the percentage of Shares as referred above, any of the Shares which are held by the Company as treasury shares will be disregarded.

For illustrative purposes only, based on the existing issued and paid-up share capital of the Company as at 27 March 2026, being the latest practicable date (the "**Latest Practicable Date**"), comprising 189,823,497 Shares (excluding 6,300,000 treasury shares), and assuming that no further Shares are issued or purchased and kept as treasury shares or cancelled on or prior to the AGM, not more than 18,982,349 Shares (representing 10% of the issued and paid-up share capital (excluding 6,300,000 treasury shares) of the Company as at the date of the AGM) may be purchased by the Company pursuant to the Share Buyback Mandate.

2.3.2 Duration of Authority

Share Buybacks may be made, at any time and from time to time during the Relevant Period, on and from the Approval Date, up to the earliest of:

- (a) the date on which the next AGM is held or required by law to be held;
- (b) the date on which the Share Buybacks are carried out to the full extent mandated; or
- (c) the date on which the authority conferred by the Share Buyback Mandate is varied or revoked by the Shareholders in a general meeting.

2.3.3 Solvency

As stated in the Companies Act, Share Buybacks may be made out of the Company's profits or capital so long as the Company is solvent. In determining whether the Company is solvent, the Directors must have regard to the most recently audited financial statements, other relevant circumstances, and may rely on valuations or estimation of assets or liabilities. In determining the value of contingent liabilities, the Directors may take into account the likelihood of the contingency occurring, as well as any counter-claims by the Company. Accordingly, purchases or acquisition of Shares may only be made if the Directors know that the Company is, or have no reason to believe that the Company is not, solvent.

APPENDIX DATED 10 APRIL 2026

Pursuant to Section 76F(4) of the Companies Act, the Company is solvent if at the date of the payment made by the Company in consideration of acquiring any right with respect to the purchase or acquisition of its own shares:–

- (a) there is no ground on which the Company could be found to be unable to pay its debts;
- (b) if –
 - (i) it is intended to commence winding up of the Company within the period of 12 months immediately after the date of the payment, the Company will be able to pay its debts in full within the period of 12 months after the date of commencement of the winding up; or
 - (ii) it is not intended so to commence winding up, the Company will be able to pay its debts as they fall due during the period of 12 months immediately after the date of the payment; and
- (c) the value of the Company's assets is not less than the value of its liabilities (including contingent liabilities) and will not, after the proposed purchase, acquisition, variation or release (as the case may be), become less than the value of its liabilities (including contingent liabilities).

2.3.4 Manner of Purchases or Acquisitions of Shares

Share Buybacks may be made by way of:

- (a) on-market purchases, transacted on the SGX-ST trading system or, as the case may be, any other securities exchange on which the Shares may for the time being be listed and quoted, and which may be transacted through one or more duly licensed stockbrokers appointed by the Company for the purpose of Share Buyback ("**Market Purchases**"); and/or
- (b) off-market purchases (if effected otherwise than on the SGX-ST or any other securities exchange) in accordance with an equal access scheme(s) as defined in Section 76C of the Companies Act ("**Off-Market Purchases**").

The Directors may impose such terms and conditions which are not inconsistent with the Share Buyback Mandate, the Catalist Rules and the Companies Act as they consider fit in the interests of the Company in connection with or in relation to any equal access scheme or schemes. Under the Companies Act, an equal access scheme must satisfy all the following conditions:

- (i) offers for the Share Buyback shall be made to every person who holds issued Shares to purchase or acquire the same percentage of their issued Shares;
- (ii) all of the abovementioned persons shall be given a reasonable opportunity to accept the offers made to them; and

APPENDIX DATED 10 APRIL 2026

- (iii) the terms of all the offers are the same, except that there shall be disregarded, where applicable:
 - (i) differences in consideration attributable to the fact that offers may relate to Shares with different accrued dividend entitlements;
 - (ii) differences in consideration attributable to the fact that offers may relate to Shares with different amounts remaining unpaid; and
 - (iii) differences in the offers introduced solely to ensure that each person is left with a whole number of Shares.

Pursuant to Rule 870 of the Catalist Rules, in making an Off-Market Purchase, the Company must issue an offer document to all Shareholders which must contain at least the following information:

- (a) the terms and conditions of the offer;
- (b) the period and procedures for acceptances;
- (c) the reasons for the Share Buyback;
- (d) the consequences, if any, of Share Buybacks by the Company that will arise under the Singapore Code on Take-overs and Mergers (as amended or modified from time to time) ("**Take-over Code**") or other applicable take-over rules;
- (e) whether the Share Buyback, if made, would have any effect on the listing of the Shares on the Catalist of the SGX-ST;
- (f) details of any Share Buyback made by the Company in the previous 12 months (whether by way of Market Purchases or Off-Market Purchases in accordance with an equal access scheme), setting out the total number of Shares purchased or acquired, the purchase price per Share or the highest and lowest prices paid for the purchases or acquisitions of Shares, where relevant, and the total consideration paid for the purchases; and
- (g) whether the Shares purchased by the Company will be cancelled or kept as treasury shares.

2.3.5 Maximum Purchase Price

The purchase price (excluding related brokerage, commission, stamp duties, applicable goods and services tax and other related expenses) to be paid for the Shares will be determined by the Directors. However, the purchase price to be paid for a Share as determined by the Directors must not exceed:

- (a) in the case of a Market Purchase, 105% of the Average Closing Price (as defined hereinafter) of the Shares; and
- (b) in the case of an Off-Market Purchase, pursuant to an equal access scheme, 120% of the Average Closing Price (as defined hereinafter) of the Shares,

(the "**Maximum Price**") in either case, excluding related expenses of the purchase or acquisition.

APPENDIX DATED 10 APRIL 2026

For the above purposes of determining the Maximum Price:

“Average Closing Price” means the average of the closing market prices of a Share over the last five (5) days, on which the SGX-ST is open for trading in securities (**“Market Days”**) and which transactions in the Shares were recorded, immediately preceding the day of the Market Purchase, or as the case may be, the Day of the Making of the Offer (as defined hereinafter) pursuant to the Off-Market Purchase, and deemed to be adjusted for any corporate action that occurs during the relevant five Market Days period and the day on which the purchases are made; and

“Day of the Making of the Offer” means the day on which the Company announces its intention to make an offer for the purchase of Shares from Shareholders pursuant to the Off-Market Purchase, stating the purchase price (which shall not be more than the Maximum Price for an Off-Market Purchase calculated on the foregoing basis) for each Share and the relevant terms of the equal access scheme for effecting the Off-Market Purchase.

2.4 Status of Purchased Shares under the Share Buyback Mandate

Under Section 76B of the Companies Act, any Share which is purchased or acquired by the Company pursuant to the Share Buyback Mandate shall, unless held as treasury shares to the extent permitted under the Companies Act (as set out below), be deemed cancelled immediately on purchase, and all rights and privileges attached to that Share will expire on such cancellation. Accordingly, the total number of issued Shares will be diminished by the number of Shares purchased or otherwise acquired by the Company and which are held as treasury shares. All Shares purchased or acquired by the Company (other than treasury shares held by the Company to the extent permitted under the Companies Act), will be automatically de-listed by the SGX-ST, and (where applicable) the certificates in respect thereof will be cancelled and destroyed by the Company as soon as reasonably practicable following settlement of any such purchase or acquisition.

At the time of each purchase or acquisition of Shares by the Company, the Directors will decide whether the Shares purchased will be cancelled or kept as treasury shares, or partly cancelled and partly kept as treasury shares, depending on the needs of the Company and as the Directors deem fit in the interests of the Company at that time.

2.5 Treasury Shares

Under the Companies Act, Shares purchased or acquired by the Company may be held or dealt with as treasury shares. Some of the provisions on treasury shares under the Companies Act are summarised below:

2.5.1 Maximum Holdings

The aggregate numbers of Shares held as treasury shares cannot at any time exceed ten per cent (10%) of the total number of issued Shares of the Company. Any Shares in excess of this limit shall be disposed of or cancelled in accordance with Section 76K of the Companies Act within six (6) months from the day the limit is first exceeded or such further periods as the Accounting and Corporate Regulatory Authority (**“ACRA”**) may allow.

APPENDIX DATED 10 APRIL 2026

As at the Latest Practicable Date, the Company holds 6,300,000 treasury shares representing approximately 3.32 per cent (3.32%) of the total number of issued Shares (excluding treasury shares and subsidiary holdings). Where Shares purchased or acquired pursuant to the renewed Share Buyback Mandate are held as treasury shares, the number of such Shares to be held as treasury shares, when aggregated with the then existing Treasury Shares held, shall not, subject to the Companies Act, exceed the ten per cent (10%) limit of the total number of issued Shares of the Company as at the date of the general meeting at which the proposed renewal of the Share Buyback Mandate is approved, unless the Company has, at any time during the Relevant Period, effected a reduction of its share capital in accordance with the applicable provisions of the Companies Act, in which event the total number of issued Shares shall be taken to be the total number of Shares as altered ("**Treasury Shares Limit**"). Treasury Shares and subsidiary holdings will be disregarded for purposes of computing the ten per cent (10%) limit.

For illustrative purposes, the Company may only retain a further 12,682,349 Shares as treasury shares as the Company is only allowed to hold a maximum of 18,982,349 treasury shares (being 10% of the total number of issued Shares of 189,823,497 Shares excluding treasury shares and subsidiary holdings).

2.5.2 Voting and Other Rights

The Company cannot exercise any right in respect of treasury shares. In particular, the Company cannot exercise any right to attend or vote at meetings and for the purposes of the Companies Act, the Company shall be treated as having no right to vote and the treasury shares shall be treated as having no voting rights.

In addition, no dividend may be paid, and no other distribution (whether in cash or otherwise) of the Company's assets (including any distribution of assets to members of the Company on a winding up) may be made, to the Company, in respect of the treasury shares. However, the allotment of Shares as fully paid bonus shares in respect of treasury shares is allowed. Also, a subdivision or consolidation of any treasury shares into treasury shares of a smaller or larger amount (as the case may be) is allowed so long as the total value of the treasury shares after the subdivision or consolidation is the same as before.

2.5.3 Disposal and Cancellation

Where Shares are held as treasury shares, the Company may at any time:

- (a) sell the treasury shares (or any of them) for cash;
- (b) transfer the treasury shares (or any of them) for the purposes of, or pursuant to a share scheme of the Company;
- (c) transfer the treasury shares (or any of them) as consideration for the acquisition of shares in or assets of, another company or assets of another person;
- (d) cancel the treasury shares (or any of them); or
- (e) sell, transfer or otherwise use the treasury shares (or any of them) for such other purposes as may be prescribed by the Minister for Finance of Singapore.

APPENDIX DATED 10 APRIL 2026

Under Rule 704(31) of the Catalist Rules, an immediate announcement must be made of any sale, transfer, cancellation and/or use of treasury shares (in each case, “Usage”). Such announcement must include details such as the date of the Usage, the purpose of the Usage, the number of treasury shares comprised in the Usage, the number of treasury shares before and after the Usage, the percentage of the number of treasury shares comprised in the Usage against the total number of issued shares (of the same class as the treasury shares) which are listed on the SGX-ST before and after the Usage and the value of the treasury shares comprised in the Usage.

2.6 Source of Funds

The Company may use internal resources and/or external borrowings to finance purchases of its Shares pursuant to the Share Buyback Mandate. The Directors do not propose to carry out Share Buybacks to such an extent that would, or in circumstances that might, result in a material adverse effect on the financial position of the Company and/or the Group.

2.7 Reporting Requirements under the Companies Act

Within thirty (30) days of the passing of a Shareholders’ resolution to approve the proposed renewal of the Share Buyback Mandate, the Company shall lodge a copy of such resolution with ACRA. The Company shall also notify the ACRA within thirty (30) days of purchase or acquisition of Shares on the SGX-ST or otherwise. Such notification shall include details of the Share Buybacks, including the date of the purchase, the number of Shares purchased or acquired by the Company, the number of Shares cancelled, the number of Shares held as treasury shares, the Company’s issued share capital before the purchase and after the purchase of Shares, the amount of consideration paid by the Company for the Share Buybacks, and whether the Shares are purchased out of the profits or the capital of the Company and such other particulars as may be required by ACRA.

Within thirty (30) days of the cancellation or disposal of treasury shares in accordance with the provisions of the Companies Act, the Directors shall lodge with ACRA the notice of cancellation or disposal of treasury shares in the prescribed form as required by ACRA.

2.8 Tax Implications

Shareholders who are in doubt as to their respective tax positions or the tax implications as a result of any Share purchase or acquisition by the Company, or who may be subject to tax whether in or outside Singapore, should consult their professional advisers.

2.9 Catalist Rules

Under the Catalist Rules, a listed company may purchase shares by way of Market Purchases at a price per Share which is not more than five per cent (5%) above the Average Closing Price of the Shares. The Maximum Price for a Share in relation to Market Purchases by the Company, referred to in section 2.3.5(a) above, conforms to this restriction. Additionally, the Catalist Rules also specifies that a listed company shall announce all purchases or acquisitions of its shares via the SGXNET not later than 9.00 a.m.:

- (a) in the case of a Market Purchase, on the Market Day following the day of purchase of any of its shares; and
- (b) in the case of an Off-Market Purchase under an equal access scheme, on the second Market Day after the close of acceptances of the offer.

APPENDIX DATED 10 APRIL 2026

Such announcement shall include, *inter alia*, details of the total number of shares authorised for purchase or acquisition, the date of purchase or acquisition, prices paid for the total number of shares purchased or acquired, the number of shares cancelled or held as treasury shares, the purchase price per share or the highest price and lowest price per share (as applicable), the total consideration (including stamp duties and clearing charges) paid or payable for the shares, the number of shares purchased as at the date of announcement (on a cumulative basis), and the number of issued shares after purchase, in the form prescribed under the Catalist Rules.

While the Catalist Rules do not expressly prohibit any purchase of shares by a listed company during any particular time, because the listed company would be regarded as an “insider” in relation to any proposed purchase or acquisition of its issued shares, the Company will not undertake any purchase of Shares pursuant to the renewed Share Buyback Mandate at any time after any matter or development of a price or trade-sensitive nature has occurred or has been the subject of consideration and/or a decision of the Directors until such price or trade-sensitive information has been publicly announced.

Further, in line with the Company’s best practices guide on securities dealings under the Catalist Rules, the Company will not purchase or acquire any Shares through Market Purchases during the period commencing one (1) month immediately preceding the announcement of the Company’s annual (full year) or interim (half-year) results.

2.10 Listing Status

Rule 723 of the Catalist Rules require a listed company to ensure that at least ten per cent (10%) of its Shares (excluding treasury shares and subsidiary holdings) are in the hands of the public. The term “public”, as defined under the Catalist Rules, refers to persons other than (i) the directors, chief executive officer, substantial shareholders or controlling shareholders of the Company and its subsidiaries; and (ii) the Associates (as defined in the Catalist Rules) of persons in (i). As at the Latest Practicable Date, there are 67,248,497 Shares in the hands of the public, representing 35.43% of the issued Shares of the Company (based on 189,823,497 issued Shares, excluding 6,300,000 treasury shares, as at the Latest Practicable Date).

For illustration purposes only, assuming that the Company purchases up to the maximum number of 10% of the issued Shares (excluding treasury shares and subsidiary holdings), being 18,982,349 Shares as at the Latest Practicable Date from members of the public, the resultant number of Shares held by the public after the purchase of such Shares would be 48,266,148 Shares, representing approximately 28.25% of the remaining issued Shares (excluding treasury shares and subsidiary holdings). Accordingly, the Company is of the view that there are sufficient numbers of the Shares in issue held by public.

In undertaking any purchase of its Shares, the Directors will use their best efforts to ensure that a sufficient number of Shares remain in public hands so that the share buyback(s) will not:

- (a) adversely affect the listing status of the Shares on the SGX-ST;
- (b) cause market illiquidity; or
- (c) adversely affect the orderly trading of Shares.

APPENDIX DATED 10 APRIL 2026

2.11 Implications under the Take-over Code

The take-over implications arising from any purchase or acquisition by the Company of its Shares are set out below:

2.11.1 Obligation to make a take-over offer

Rule 14 of the Take-over Code ("**Rule 14**") requires, *inter alia*, that except with the consent of the Securities and Industry Council of Singapore ("**SIC**"), where:

- (a) any person acquires, whether by a series of transactions over a period of time or not, shares which (taken together with shares held or acquired by persons acting in concert with him) carry 30% or more of the voting rights of a company; or
- (b) any person who, together with persons acting in concert with him, holds not less than 30% but not more than 50% of the voting rights and such person, or any person acting in concert with him, acquires in any period of six (6) months additional shares carrying more than 1% of the voting rights,

such person shall extend immediately an offer on the basis set out below to the holders of any class of shares in the capital which carries votes and in which such person or persons acting in concert with him hold shares. In addition to such person, each of the principal members of the group or persons acting in concert with him may, according to the circumstances of the case, have the obligation to extend an offer.

In calculating the percentages of voting rights of such person and their concert parties, treasury shares and subsidiary holdings shall be excluded.

2.11.2 Persons acting in concert

Under the Take-over Code, persons acting in concert comprise individuals or companies, who, pursuant to an agreement or understanding (whether formal or informal) co-operate, through the acquisition by any of them of shares in a company, to obtain or consolidate effective control of that company.

Unless the contrary is established, the following persons will, *inter alia*, be presumed to be acting in concert with each other under the Take-over Code:

- (a) the following companies:
 - (i) a company;
 - (ii) the parent company of (i);
 - (iii) the subsidiaries of (i);
 - (iv) the fellow subsidiaries of (i);
 - (v) the associated companies of any of (i), (ii), (iii) or (iv);

APPENDIX DATED 10 APRIL 2026

- (vi) companies whose associated companies include any of (i), (ii), (iii), (iv) or (v). For this purpose, a company is an associated company of another company if the second company owns or controls at least twenty per cent (20%) but not more than fifty per cent (50%) of the voting rights of the first-mentioned company; and
- (vii) any person who has provided financial assistance (other than a bank in the ordinary course of business) to any of the above for the purchase of voting rights;
- (b) a company with any of its directors (together with their close relatives, related trusts as well as companies controlled by any of the directors, their close relatives and related trusts);
- (c) a company with any of its pension funds and employee share schemes;
- (d) a person with any investment company, unit trust or other fund whose investment such person manages on a discretionary basis, but only in respect of the investment account which such person manages;
- (e) a financial or other professional adviser, including a stockbroker, with its client in respect of the shareholdings of:
 - (i) the adviser and persons controlling, controlled by or under the same control as the adviser; and
 - (ii) all the funds which the adviser manages on a discretionary basis, where the shareholdings of the adviser and any of those funds in the client total 10% or more of the client's equity share capital;
- (f) directors of a company (together with their close relatives, related trusts and companies controlled by any of such directors, their close relatives and related trusts) which is subject to an offer or where the directors have reason to believe a bona fide offer for their company may be imminent;
- (g) partners; and
- (h) the following persons and entities:
 - (i) an individual;
 - (ii) the close relatives of (i);
 - (iii) the related trusts of (i);
 - (iv) any person who is accustomed to act in accordance with the instructions of (i);
 - (v) companies controlled by any of (i), (ii), (iii) or (iv); and
 - (vi) any person who has provided financial assistance (other than a bank in the ordinary course of business) to any of the above for the purchase of voting rights.

The circumstances under which Shareholders (including Directors of the Company) and persons acting in concert with them respectively will incur an obligation to make a take-over offer under Rule 14 as a result of a purchase or acquisition of Shares by the Company are set out in Rule 14 and Appendix 2 of the Take-over Code.

APPENDIX DATED 10 APRIL 2026

2.11.3 Effect of Rule 14 and Appendix 2 of the Take-over Code

Appendix 2 of the Take-over Code contains the share buy-back guidance note. In general terms, the effect of Rule 14 and Appendix 2 is that, unless exempted, if, as a result of any purchase or acquisition by the Company of its Shares, the proportionate percentage of voting rights held by a Shareholder and persons acting in concert with him increase, such increase will be treated as an acquisition for the purposes of the Take-over Code. If as a result of such increase, a Shareholder or group of Shareholders acting in concert with a Director obtains or consolidates effective control of the Company, such Shareholder or group of Shareholders acting in concert with a Director could become obliged to make a take-over offer for the Company under Rule 14.

Under Appendix 2, a Shareholder not acting in concert with the Directors of the Company will not be required to make a take-over offer under Rule 14 if, as a result of the Company purchasing or acquiring its Shares, the voting rights of such Shareholder would increase to 30 per cent (30%) or more, or, if such Shareholder holds between 30 per cent (30%) and 50 per cent (50%) of the Company's voting rights, the voting rights of such Shareholder would increase by more than one per cent (1%) in any period of six (6) months. Such Shareholder need not abstain from voting in respect of the resolution to approve the proposed renewal of the Share Buyback Mandate.

Under the Take-over Code, it is deemed that the estate of Mr Foo Chek Heng, deceased and Salix Capital Pte Ltd (which is 100% owned by Foo Suay Lun, who is an executive director of the Company) are acting in concert ("**Concert Party Group**"). As the Concert Party Group holds more than 50% of the Shares in the Company, the Concert Party Group will not be obliged to make a take-over offer for the Company under Rule 14 of the Take-over Code as a result of the acquisition or purchase by the Company of 10% of its issued Shares (excluding treasury shares and subsidiary holdings) as at the Latest Practicable Date. As at the Latest Practicable Date, the Concert Party Group holds an aggregate of 122,575,000 shares representing 64.57% of the Shares (excluding treasury shares and subsidiary holdings). Based on the shareholding of the Concert Party Group, in the event the Company undertakes Share buyback under the renewed Share Buyback Mandate up to the maximum limit of ten percent (10%) of the issued share capital of the Company (excluding treasury shares and subsidiary holdings) as permitted by the renewed Share Buyback Mandate, the shareholdings and voting rights of the Concert Party Group will increase from 64.57% to 71.75%.

2.12 Details of the Shares Bought by the Company in the Previous 12 Months

The Company did not purchase or acquire any Shares in the previous 12 months preceding the Latest Practicable Date.

2.13 Interested Persons

The Company is prohibited from knowingly buying Shares on the SGX-ST from an interested person, that is, a Director, the chief executive officer of the Company or controlling shareholder of the Company or any of their associates, and an interested person is prohibited from knowingly selling his/her Shares to the Company.

3. LIMITS ON SHAREHOLDINGS

The Company does not have any individual shareholding or foreign shareholding limits on the shareholding of any Shareholder.

APPENDIX DATED 10 APRIL 2026

4. FINANCIAL EFFECTS OF SHARE BUYBACK MANDATE

4.1 General

Shareholders should note that the financial effects illustrated below are for illustration purposes only. In particular, it is important to note that the financial analysis set out below are based on the audited consolidated financial results of the Company and the Group for the financial year ended 31 December 2025 and are not necessarily representative of future financial performance. Although the Share Buyback Mandate would authorise the Company to buy back up to ten per cent (10%) of the Company's issued Shares (excluding treasury shares and subsidiary holdings), the Company may not necessarily buyback or be able to buyback ten per cent (10%) of the issued Shares (excluding treasury shares and subsidiary holdings) in full.

4.2 The Share Buyback Mandate

It is not possible for the Company to realistically calculate or quantify the impact of purchases or acquisitions of the Shares as the resultant effect would depend on factors such as the aggregate number of Shares purchased or acquired, the purchase or acquisition prices paid at the relevant time, the amount (if any) borrowed by the Company to fund the purchases whether the purchase or acquisition is made out of profits or capital, and whether the Shares purchased or acquired are held as treasury shares or cancelled.

Under the Companies Act, Share Buybacks by the Company may be made out of the Company's capital or profits so long as the Company is solvent. Where the consideration paid by the Company for the purchase or acquisition of Shares is made out of profits, such consideration (including relevant brokerage, commission, stamp duties, applicable goods and services tax and other related expenses) will correspondingly reduce the amount available for the distribution of cash dividends by the Company. Where the consideration (including relevant brokerage, commission, stamp duties, applicable goods and services tax and other related expenses) paid by the Company for the purchase or acquisition of Shares is made out of capital, the amount available for the distribution of cash dividends by the Company will not be reduced.

The Share Buybacks will only be made after considering relevant factors such as the availability of financial resources, the expansion and investment plans of the Group, and the prevailing market conditions. The Share Buyback Mandate will be exercised with a view to enhance Shareholders' value as set out in section 2.2. The financial effects of the Company and the Group, presented below, based on audited consolidated financial results of the Company and the Group for the financial year ended 31 December 2025; are based on the assumptions set out below:

- (a) based on 189,823,497 Shares in issue (excluding 6,300,000 treasury shares and subsidiary holdings) as at the Latest Practicable Date and assuming no further Shares are issued and no further Shares are purchased or acquired pursuant to the Share Buyback Mandate on or prior to the AGM.
- (b) transaction costs incurred for the purchase or acquisition of Shares pursuant to the Share Buyback Mandate are assumed to be insignificant and have been ignored for the purposes of computing the financial effects;

APPENDIX DATED 10 APRIL 2026

- (c) in the case of a Market Purchase by the Company and assuming that the Company purchases or acquires 18,982,349 Shares at the Maximum Purchase Price of S\$0.070 for one Share (being the price equivalent to 105% of the Average Closing Price for the Shares for the five consecutive Market Days on which Shares were traded on the SGX-ST immediately preceding the Latest Practicable Date which is 27 March 2026), the maximum amount of funds required for the purchase or acquisition of 18,982,349 Shares is S\$1.329 million and is assumed to be financed by external borrowings; and
- (d) in the case of an Off-Market Purchase by the Company and assuming that the Company purchases or acquires 18,982,349 Shares at the Maximum Purchase Price of S\$0.080 for one Share (being the price equivalent to 20% above the Average Closing Price for the Shares for the five consecutive Market Days on which Shares were traded on the SGX-ST immediately preceding the Latest Practicable Date which is 27 March 2026), the maximum amount of funds required for the purchase or acquisition of 18,982,349 Shares is S\$1.519 million and is assumed to be financed by external borrowings.

For illustrative purposes only and on the basis of the assumptions set out in (a), (b), (c) and (d) above, the financial effects for Share buybacks made entirely out of profits and capital are as follows:

4.2.1 Market or Off-Market Purchases made entirely out of profits and cancelled, or held as treasury shares

The Company does not have accumulated profits as at 31 December 2025 to acquire or purchase Shares entirely out of profits and as such, it is not possible to calculate the financial effects of the Share Buyback made entirely out of profits whether by way of Market or Off-Market Purchases.

4.2.2 Market or Off-Market Purchases made entirely out of capital and cancelled, or held as treasury shares

The financial effects of the purchase or acquisition of 18,982,349 Shares by the Company pursuant to the Share Buyback Mandate made entirely out of capital by way of Market and Off-Market Purchases and cancelled, or held as treasury shares (disregarding the treasury share limit as set out in section 2.5.1 of this Appendix) based on the audited consolidated accounts of the Group and the Company for the financial year ended 31 December 2025 as if the Share Buyback Mandate had been effective on 1 January 2025 are set out below:

Shareholders should note that the financial effects set out above are for illustrative purposes only. It should be noted that the above analyses are based on historical audited financial statements for the financial year ended 31 December 2025 and is not necessarily representative of future financial performance.

Although the Share Buyback mandate would authorise the Company to purchase or acquire up to ten per cent (10%) of the issued Shares, the Company may not necessarily purchase or acquire or be able to purchase or acquire the entire ten per cent (10%) of the total issued ordinary share capital of the Company. In addition, the Company may cancel all or part of the Shares repurchased or may hold all or part of the Shares repurchased in treasury (subject to the Treasury Shares Limit).

APPENDIX DATED 10 APRIL 2026

5. INTERESTS OF DIRECTORS (AND CONCERT PARTIES WHERE RELEVANT) AND/OR SUBSTANTIAL SHAREHOLDERS

Assuming (i) the Company purchases the maximum number of ten per cent (10%) of the issued Shares (excluding treasury shares and subsidiary holdings) of the Company as at the Latest Practicable Date, and (ii) there is no change in the number of Shares held or deemed to be held by the Directors and Substantial Shareholders of the Company based on the Register of Directors' Shareholdings and the Register of Substantial Shareholders of the Company maintained pursuant to Section 164 and Section 88 of the Companies Act respectively, as at the Latest Practicable Date, the shareholdings of the Directors and Substantial Shareholders before and after the purchase of Shares, were/will be as follows:

IMPORTANT: PLEASE READ NOTES OVERLEAF

Notes:

1. A member who is unable to attend the AGM and wishes to appoint proxy(ies) to attend, speak and vote at the AGM on his/her/their behalf should complete, sign and return the instrument of proxy in accordance with the instructions printed thereon.
2. A proxy need not to be a member of the Company.
3. Please insert the total number of Shares held by you. If you have Shares entered against your name in the Depository Register (as defined in Section 81SF of the Securities and Futures Act 2001 of Singapore), you should insert that number of Shares. If you have Shares registered in your name in the Register of Members, you should insert that number of Shares. If you have Shares entered against your name in the Depository Register and Shares registered in your name in the Register of Members, you should insert the aggregate number of Shares entered against your name in the Depository Register and registered in your name in the Register of Members. If no number is inserted, the instrument appointing a proxy or proxies shall be deemed to relate to all the Shares held by you.
4. In relation to the appointment of proxy(ies) to attend, speak and vote on his/her/their behalf at the AGM, a member (whether individual or corporate) appointing his/her/their proxy(ies) should give specific instructions as to his/her/their manner of voting, or abstentions from voting, in respect of a resolution in the instrument of proxy. If no specific instruction as to voting are given, or in the event of any other matter arising at the AGM and at any adjournment thereof, the proxy(ies) will vote or abstain from voting at his/her/their discretion.
5. The instrument appointing a proxy or proxies must be under the hand of the appointor or of his attorney duly authorised in writing. Where the instrument appointing a proxy(ies) is executed by a corporation, it must be executed either under its seal, executed as a deed in accordance with the Companies Act 1967 of Singapore or under the hand of an attorney or an officer duly authorised, or in some other manner approved by the Directors. Where the instrument appointing a proxy or proxies is executed by an attorney on behalf of the appointor, the letter or power of attorney or a duly certified copy thereof must be lodged with the instrument of proxy.
6. The instrument appointing a proxy, together with the letter or power of attorney or other authority under which it is signed or a duly certified copy thereof (if applicable), must be submitted either:
 - (a) if sent personally or by post, the proxy form must be lodged at the Company's registered office at 33 Ubi Ave 3, #02-16, Singapore 408868; or
 - (b) if by email, the proxy form must be received at mail@koyointernational.com;

in either case, **by no later than 24 April 2026, 3.00 p.m., being at least seventy-two (72) hours before the time appointed for holding the Meeting.**

A member who wishes to submit an instrument of proxy must complete and sign the proxy form, before submitting it by post to the address provided above, or before scanning and sending it by email to the email address provided above.

A member can appoint the Chairman of the Meeting as his/her/their proxy, but this is not mandatory.

The proxy must bring along his/her NRIC/passport so as to enable the Company to verify his/her identity.

7.
 - (a) A member who is not a relevant intermediary is entitled to appoint not more than two (2) proxies to attend, speak and vote at the AGM. Where such Shareholder's proxy form appoints more than one (1) proxy, the proportion of his/her/their shareholding concerned to be represented by each proxy shall be specified in the proxy form. If no proportion is specified, the Company shall be entitled to treat the first named proxy as representing the entire shareholding and any second named proxy as an alternate to the first named or at the Company's option to treat the proxy form as invalid.
 - (b) A member who is a relevant intermediary* is entitled to appoint more than two (2) proxies to attend, speak and vote at the AGM, but each proxy must be appointed to exercise the rights attached to a different share or shares held by such member. Where such member appoints more than two (2) proxies, the number and class of shares in relation to which each proxy has been appointed shall be specified in the instrument appointing a proxy or proxies.

* "Relevant Intermediary" has the meaning ascribed to it in Section 181 of the Companies Act 1967 of Singapore.

- (a) a banking corporation licensed under the Banking Act 1970 of Singapore or a wholly-owned subsidiary of such a banking corporation, whose business includes the provision of nominee services and who holds shares in that capacity; or
 - (b) a person holding a capital markets services licence to provide custodial services for securities under the Securities and Futures Act 2001 of Singapore and who holds shares in that capacity; or
 - (c) the Central Provident Fund Board established by the Central Provident Fund Act 1953 of Singapore, in respect of shares purchased under the subsidiary legislation made under that Act providing for the making of investments from the contributions and interest standing to the credit of members of the Central Provident Fund, if the Board holds those shares in the capacity of an intermediary pursuant to or in accordance with that subsidiary legislation.
8. For investors who hold shares under the SRS/CPFIS and wishes to vote, should approach their respective SRS Operators/ CPF Agent Banks for any queries they may have with regard to the appointment of proxy for the AGM. Alternatively, investors may appoint the Chairman of the AGM to vote their behalf, the voting instruction must be submitted to the Company, at least seven (7) working days (by 16 April 2026 at 3.00 p.m.) before the AGM.

General:

The Company shall be entitled to reject the instrument appointing a proxy or proxies if it is incomplete, improperly completed or illegible, or where the true intentions of the appointor are not ascertainable from the instructions of the appointor specified in the instrument appointing a proxy or proxies. In addition, in the case of Shares entered in the Depository Register, the Company may reject any instrument appointing a proxy or proxies lodged if the member, being the appointor, is not shown to have Shares entered against his name in the Depository Register as at 72 hours before the time appointed for holding the Meeting, as certified by The Central Depository (Pte) Limited to the Company.

PERSONAL DATA PRIVACY:

By submitting an instrument appointing a proxy(ies) and/or representative(s), the member accepts and agrees to the personal data privacy terms set out in the Notice of Annual General Meeting dated 10 April 2026.
